Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.595 is amended to read as follows:

(1) Effective August 1, 1986, upon retirement at normal retirement date, or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to one and eighty-five hundredths percent (1.85%) of final compensation multiplied by the number of years of service credit, except that:

(a) The annual normal retirement allowance for members of the general assembly, who serve during the 1974 or 1976 general assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundrd forty dollars ($240) multiplied by the number of years of service as a member of the general assembly;

(b) The annual normal retirement allowance for members of the general assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 general assembly for legislative service prior to January 1, 1974;

(c) Former members of the general assembly who have eight (8) or more years of legislative service prior to the 1976 regular session are eligible for an increased retirement allowance of $240 times the years of legislative service, provided such member pays to the Kentucky employes retirement system thirty-five (35) percent of the actuarial cost of the higher benefit, as determined by the board, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five (65) percent of such computed actuarial cost shall be paid from the state treasury to the Kentucky employes retirement system upon presentation of a properly documented claim to the finance and administration cabinet. If any such member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(d) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky employes retirement system, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(e) The annual retirement allowance for a member of the Kentucky employes retirement system or county employes retirement system shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) *(a)* Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits. [~~except that~~]

(b) There shall be no reduction in the retirement allowance of the member who has thirty (30) or more years of service credit at least fifteen (15) of which are current service. *A member who has earned vested service credit in a retirement system, other than the teachers' retirement system, sponsored by a state institution of higher education may count such vested service toward attaining thirty (30) years of service credit to qualify for an unreduced retirement allowance. Such credit from a state institution of higher education shall not be used, however, to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of teachers' retirement system credit pursuant to KRS 61.680(2)(a).*

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the state treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

Section 2. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1978, a member of the retirement system may qualify for service retirement by

meeting either of the following requirements:

(a) Attainment of age fifty-five (55) years and completion of five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941;

(b) Completion of thirty (30) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941. A member having less than thirty (30) years of service may retire with benefits reduced according to the following schedule:

29 years - 92% of benefits

28 years - 84% of benefits

27 years - 76% of benefits; and

(c) Benefits will be reduced in accordance with KRS 161.620 for persons qualifying under paragraph (a) of this subsection who are less than age sixty (60) years.

(2) Any member shall be automatically retired as of July 1 next following his seventieth (70th) birthday, providing, however, that a member reaching age seventy (70) and having fewer than five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, shall receive a refund of the member's accumulated contributions as provided in KRS 161.470(6) in lieu of a retirement annuity.

(3) Any person who has been a teacher in Kentucky for twenty-seven (27) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years, may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4) Service credit in the Kentucky employes retirement system, the state police retirement system, the legislators' retirement plan, the county employes or the judicial retirement system may be used in meeting the service requirements of subsection (1)(a) and (b) of this section, provided such service is subsequent to July 1, 1956. *Vested service credit in a retirement system, other than the teachers' retirement system, sponsored by a state institution of higher education may be used in meeting the service requirements of subsection (1)(b) of this section, but such credit shall not be used to calculate the retirement allowance pursuant to KRS 161.620. The provisions of this subsection shall not be construed to limit the use of teachers' retirement system credit pursuant to KRS 61.680(2)(a).*

(5) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with regulations of the board of trustees.

(6) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to his death.

Section 3. KRS 61.680 is amended to read as follows:

(1) Prior to August 1, 1982, every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof. Thereafter employe contributions shall be picked up by the employer pursuant to KRS 61.560 (4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement a member's accounts under the legislators' retirement plan, state police retirement system, Kentucky employes' retirement system, county employes' retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. *Vested service credit in a retirement system, other than the teachers' retirement system, sponsored by a state institution of higher education and accepted by the Kentucky*

employes retirement system, the county employes retirement system or the teachers' retirement system, may be used to determine eligibility for thirty-year retirement but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes' retirement system or county employes' retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes' retirement system or county employes' retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes' retirement system, state police retirement system or the county employes' retirement system who becomes the holder of an office entitling him to membership in the judicial retirement plan or the legislators' retirement plan, but who does not elect within thirty (30) days after taking office in such service to participate in such plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky employes' retirement system, state police retirement system or the county employes' retirement system. In that event, the agency employing the member shall withhold employe contributions, or picked up employe contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the judicial retirement plan or the legislators' retirement plan, who does not elect within thirty (30) days after taking office to participate in such plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the teachers' retirement system, shall participate in the Kentucky employes' retirement system.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes' retirement system or the county employes' retirement system with service credit in the teachers' retirement system and who desiretain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes' retirement system or the county employes' retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system and who does not elect within thirty (30) days after taking office to participate in the legislators' retirement plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky employes' retirement system unless an election to retain membership in the teachers' retirement system is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the teachers' retirement system for the same period of service under the legislators' retirement plan or the Kentucky employes' retirement system as a member of the general assembly, but contributions made to the teachers' retirement system while a member of the general assembly shall be transferred to the legislators' retirement plan as provided for in KRS 6.535 when the member elects to join the legislators' retirement plan, and service credit in the legislators' retirement plan shall be granted as provided for in KRS 6.505(3).

(5) Effective July 1, 1974 any member of the Kentucky employes' retirement system or county employes retirement system who is working in a position covered by one (1) of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up such employe contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Any member of the Kentucky employes' retirement system or county employes' retirement system who is working in more than one (1) position covered by one (1) of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section, a person who does not have the amount of service required for service retirement in the state police retirement system, Kentucky employes' retirement system, county employes' retirement system or teachers' retirement system, but who is a member of one (1) of such systems or is a former member of one (1) or more of such systems with valid service credit therein, will become eligible for service retirement benefits attributable to the amount of his actual service credit in each such system in which he has service credit when his combined service credit in all such systems, plus any service credit he has in the judicial retirement plan or legislators' retirement plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system.

The Committee Substitute to **HB 458** is as follows:

HB 458, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.595 is amended to read as follows:

(1) Effective August 1, 1986, upon retirement at normal retirement date, or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to one and eighty-five hundredths percent (1.85%) of final compensation multiplied by the number of years of service credit, except that:

(a) The annual normal retirement allowance for members of the general assembly, who serve during the 1974 or 1976 general assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundrd forty dollars ($240) multiplied by the number of years of service as a member of the general assembly;

(b) The annual normal retirement allowance for members of the general assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 general assembly for legislative service prior to January 1, 1974;

(c) Former members of the general assembly who have eight (8) or more years of legislative service prior to the 1976 regular session are eligible for an increased retirement allowance of $240 times the years of legislative service, provided such member pays to the Kentucky employes retirement system thirty-five (35) percent of the actuarial cost of the higher benefit, as determined by the board, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five (65) percent of such computed actuarial cost shall be paid from the state treasury to the Kentucky employes retirement system upon presentation of a properly documented claim to the finance and administration cabinet. If any such member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(d) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky employes retirement system, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(e) The annual retirement allowance for a member of the Kentucky employes retirement system or county employes retirement system shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) *(a)* Upon service retirement prior to normal retirement date, a member may receive an annual

retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits. [~~except that~~]

(b) There shall be no reduction in the retirement allowance of the member who has thirty (30) or more years of service credit at least fifteen (15) of which are current service. *A member who has earned vested service credit in a retirement system, other than the teachers' retirement system, sponsored by a Kentucky institution of higher education may count such vested service toward attaining thirty (30) years of service credit to qualify for an unreduced retirement allowance. Such credit from a Kentucky institution of higher education shall not be used, however, to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of teachers' retirement system credit pursuant to KRS 61.680(2)(a).*

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the state treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

Section 2. KRS 61.680 is amended to read as follows:

(1) Prior to August 1, 1982, every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof. Thereafter employe contributions shall be picked up by the employer pursuant to KRS 61.560 (4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement a member's accounts under the legislators' retirement plan, state police retirement system, Kentucky employes' retirement system, county employes' retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. *Vested service credit in a retirement system, other than the teachers' retirement system, sponsored by a Kentucky institution of higher education and accepted by the Kentucky employes retirement system or the county employes retirement system, may be used to determine eligibility for thirty-year retirement but not the amount of benefits.* The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes' retirement system or county employes' retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes' retirement system or county employes' retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes' retirement system, state police retirement system or the county employes' retirement system who becomes the holder of an office entitling him to membership in the judicial retirement plan or the legislators' retirement plan, but who does not elect within thirty (30) days after taking office in such service to participate in such plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky employes' retirement system, state police retirement system or the county employes' retirement system. In that event, the agency employing the member shall withhold employe contributions,

or picked up employe contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the judicial retirement plan or the legislators' retirement plan, who does not elect within thirty (30) days after taking office to participate in such plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the teachers' retirement system, shall participate in the Kentucky employes' retirement system.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes' retirement system or the county employes' retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes' retirement system or the county employes' retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system and who does not elect within thirty (30) days after taking office to participate in the legislators' retirement plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky employes' retirement system unless an election to retain membership in the teachers' retirement system is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the teachers' retirement system for the same period of service under the legislators' retirement plan or the Kentucky employes' retirement system as a member of the general assembly, but contributions made to the teachers' retirement system while a member of the general assembly shall be transferred to the legislators' retirement plan as provided for in KRS 6.535 when the member elects to join the legislators' retirement plan, and service credit in the legislators' retirement plan shall be granted as provided for in KRS 6.505(3).

(5) Effective July 1, 1974 any member of the Kentucky employes' retirement system or county employes retirement system who is working in a position covered by one (1) of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up such employe contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Any member of the Kentucky employes' retirement system or county employes' retirement system who is working in more than one (1) position covered by one (1) of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section, a person who does not have the amount of service required for service retirement in the state police retirement system, Kentucky employes' retirement system, county employes' retirement system or teachers' retirement system, but who is a member of one (1) of such systems or is a former member of one (1) or more of such systems with valid service credit therein, will become eligible for service retirement benefits attributable to the amount of his actual service credit in each such system in which he has service credit when his combined service credit in all such systems, plus any service credit he has in the judicial retirement plan or legislators' retirement plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system.

Section 3. KRS 61.645 is amended to read as follows:

(1) The system shall be administered by the board of trustees of the Kentucky retirement systems composed of nine (9) members, who shall be selected as follows:

(a) The commissioner of personnel shall serve as trustee for as long as he occupies the position of commissioner under KRS 18A.015 except as provided under subsections (5) and (6) of this section;

(b) Two (2) trustees, who must be members or retired from the county employes retirement system, elected by the members of the county employes retirement system;

(3) (a) Notwithstanding the provisions of subsection (1) of this section, each trustee shall serve a term of four (4) years or until his successor is duly qualified except as otherwise provided in this section;

(b) The trustee to be elected by the members of the county employes retirement system who replaces the attorney general on the board shall have an initial term expiring on March 31, 1977 and nominations for this position and the election process shall take place within ninety (90) days after March 26, 1974, with the attorney general serving until such elected member has been duly qualified and administered the oath of office;

(c) The term of office of the trustee elected by the membership of the Kentucky employes retirement system which now expires on December 10, 1975, shall be succeeded by a term expiring on March 31, 1978.

(d) The ballots shall be distributed to the eligible voters by mail to their last known residence address;

(e) The ballots shall be addressed to the tabulating committee in care of a predetermined box number at the United States Post Office, Frankfort, Kentucky. Access to this post-office box shall be limited to the tabulating committee consisting of three (3) discreet persons appointed by the general manager to count the ballots and tabulate the votes. The individual receiving a plurality of votes shall be declared elected;

(f) The eligible voter shall cast his ballot by checking a square opposite the name of the candidate of his choice. He shall record his social security number, sign, and mail the ballot at least thirty (30) days prior to the date the term to be filled is due to expire. The latest mailing date shall be printed on the ballot;

(g) The tabulating committee shall report in writing the outcome to the chairman of the board of trustees. Cost of an election shall be payable from the funds of the system for which the trustee is elected.

Other appointees shall be subject to the personnel classification system, and salaries shall be subject to the commissioner of personnel;

Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any of the provisions of KRS 61.515 to 61.705 and 16.510 to 16.652 and 78.520 to 78.852 are in conflict with federal statute or regulation, such provisions shall not be available to the member and the board shall have the authority to adopt alternative rules and regulations that are in conformance with federal statute and regulation.

(15) (a) A trustee shall discharge his duties as a trustee, including his duties as a member of a committee:

1. In good faith;

2. On an informed basis; and

3. In a manner he honestly believes to be in the best interest of the Kentucky retirement systems.

(b) A trustee discharges his duties on an informed basis if, when he makes an inquiry into the business and affairs of the Kentucky retirement systems or into a particular action to be taken or decision to be made, he exercises the care an ordinary prudent person in a like position would exercise under similar circumstances.

(c) In discharging his duties, a trustee may rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

1. One (1) or more officers or employees of the Kentucky retirement systems whom the trustee honestly believes to be reliable and competent in the matters presented;

2. Legal counsel, public accountants, actuaries or other persons as to matters the trustee honestly believes are within the person's professional or expert competence; or

3. A committee of the board of trustees of which he is not a member if the trustee honestly believes the committee merits confidence.

(d) A trustee shall not be considered as acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (c) of this section unwarranted.

(e) Any action taken as a trustee, or any failure to take any action as a trustee, shall not be the basis for monetary damages or injunctive relief unless:

1. The trustee has breached or failed to perform the duties of the trustee's office in compliance with this section; and

2. In the case of an action for monetary damages, the breach or failure to perform constitutes willful misconduct or wanton or reckless disregard for human rights, safety or property.

Operations outside of this state shall not be considered in determining whether or not the foregoing mileage limitations have been observed. When claiming the right to the reduced fee, the applicant's signature on the certificate of registration and ownership shall constitute a certification or affidavit stating that the motor vehicle when used within this state is used only for the transportation of property within the city to be named in the affidavit and the area above set out and that the vehicle will not be used outside of a city and the area above set out during the current registration period.

(9) Motor vehicles having a declared gross weight in excess of eighteen thousand (18,000) pounds, which are used exclusively for the transportation of primary forest products from the harvest area to a mill or other processing facility, where such mill or processing facility is located at a point not more than fifty (50) air miles from the harvest area or which are used exclusively for the transportation of concrete blocks or ready mixed concrete from the point at which such concrete blocks or ready mixed concrete is produced to a construction site where such concrete blocks or ready mixed concrete is to be used, where such construction site is located at a point not more than thirty (30) air miles from the point at which such concrete blocks or ready mixed concrete is produced shall not be required to pay the fee as set out in subsection (3) of this section, and in lieu thereof shall pay forty percent (40%) of the fee set out in subsection (3) hereof and shall be exempt from any fee charged under the provisions of KRS 281.752. The applicant's signature upon the

certificate of registration and ownership shall constitute a certification that the motor vehicle will not be used during the current registration period in any manner other than that for which the reduced fee is provided in this section.

(10) Motor vehicles used exclusively for the transportation and delivery of motor vehicles, not including trailers and semitrailers, by means of the full amount or truckaway methods on trailers or semitrailers, shall pay an amount equal to three-fourths (3/4) of the fee set out in subsection (3) hereof. Any applicant for such registration shall present to the county clerk a certification from the cabinet that the vehicle may be licensed in accordance herewith. No clerk shall issue registrations under this section without attaching a copy of the department's certification to the transportation cabinet's copy of the certificate of registration and ownership.

(11) Any owner of a commercial vehicle registered for a declared gross weight in excess of eighteen thousand (18,000) pounds, intending to transfer same and desiring to take advantage of the refund provisions of KRS 186.056(2) may reregister such vehicle and obtain a "For Sale" certificate of registration and ownership for one dollar ($1.00). Title to a vehicle so registered may be transferred, but such registration shall not authorize the operation or use of the vehicle on any public highway. No refund may be made under the provisions of KRS 186.056(2) until such time as the title to such vehicle has been transferred to the purchaser thereof. Provided, however, that nothing herein shall be so construed as to prevent the seller of a commercial vehicle from transferring the registration of such vehicle to any purchaser thereof.

(12) The annual registration fee for self-propelled vehicles containing sleeping or eating facilities shall be twenty dollars ($20.00) and the tag issued shall be designated "Housecar." Provided, however, that the foregoing shall not include any motor vehicle primarily designed for commercial or farm use having temporarily attached thereto any such sleeping or eating facilities, or any commercial vehicle having sleeping facilities.

(13) The registration fee on any vehicle registered under this section shall be increased fifty percent (50%) when such vehicle is not equipped wholly with pneumatic tires.

(14) (a) The department of vehicle regulation is authorized to negotiate and execute an agreement or agreements with other jurisdictions for the purpose of developing and instituting proportional registration of motor vehicles engaged in interstate commerce, or in a combination of interstate and intrastate commerce, and operating into, through or within the Commonwealth of Kentucky. The agreement or agreements may be made on a basis commensurate with, and determined by, the miles traveled on, and use made of, the highways of this Commonwealth as compared with the miles traveled on and use made of highways of other states, or upon any other equitable basis of proportional registration. Notwithstanding the provisions of KRS 186.020, the cabinet shall promulgate regulations concerning the registration of motor vehicles under any agreement or agreements made under this section and shall provide for direct issuance by it of evidence of payment of any registration fee required under such agreement or agreements. Any proportional registration fee required to be collected under any proportional registration agreement or agreements shall be in accordance with the taxes established in this section.

(b) Any owner of a commercial vehicle who is required to title his motor vehicle under this section shall first title such vehicle with the county clerk pursuant to KRS 186.020 for a state fee of one dollar ($1.00). Title to such vehicle may be transferred, however title, without proper registration, shall not authorize the operation or use of the vehicle on any public highway. Any commercial vehicle properly titled in Kentucky may also be registered in Kentucky, and, upon payment of the required fees, the department may issue an apportioned registration plate to such commercial vehicle.

(c) Any commercial vehicle that is properly titled in a foreign jurisdiction, which vehicle is subject to apportioned registration as provided in (a) of this subsection may be registered in Kentucky, and, upon proof of proper title, and payment of the required fees, the department may issue an apportioned registration plate to such commercial vehicle. The department shall promulgate regulations in accordance with this section.

Plates shall be kept legible at all times and the rear plate shall be illuminated when being operated during the hours designated in KRS 189.030. No rim, frame or other covering around the plate shall in any way obscure or cover any lettering or decal on the plate*; except that, any owner who objects to the display of a trademark of a private corporation which appears on the registration plate shall be entitled to receive a set of decals from the county clerk in his county of residence to cover the trademark of the private corporation. The owner may apply for the decal by presenting his certificate of registration either at the time of registration renewal or later. The county clerk shall charge a one dollar ($1) clerk's fee for issuing the decal set if it is applied for a time other than at registration renewal*. If the cabinet has prescribed that plates shall continue in use, it shall each year, in addition to the registration receipt, select and give to the owner as further evidence of registration some insignia which may conveniently be attached permanently and conspicuously to the motor vehicle during each registration year. It shall be the duty of the owner to attach same in the prescribed manner and no person may operate a motor vehicle unless such insignia is so affixed upon it. The cabinet shall have placed on said insignia either figures, letters, writing, marks or a combination thereof, which indicate that the motor vehicle has been registered and which in conjunction with the records of the cabinet make identity of the registrant readily ascertainable.

"SECTION 5. A NEW SECTION OF KRS CHAPTER 177 IS CREATED TO READ AS FOLLOWS:

(1) No person shall engage in the business of outdoor advertising in this state without first obtaining a license therefor from the cabinet. Such license shall be renewed annually. The fee for such license, and for each annual renewal shall be three hundred dollars ($300).

(2) A person may not apply for a permit unless he has first obtained the written permission of the owner or other person in lawful possession or control of the site designated as the location of the sign in the application for the permit.

(3)(a) An application for a sign permit shall be made on a form prescribed by the cabinet, and a separate application shall be submitted for each permit requested. A permit shall be required for each sign structure. All signs shall be permitted regardless of when erected.

(b) As part of the application, the applicant or his authorized representative shall certify in a notarized signed statement that all information provided in the application is true and correct and that, pursuant to subsection (2) of this section, he has obtained the written permission of the owner or other person in lawful possession of the site designated as the location of the sign in the permit application. Every permit application shall be accompanied by the appropriate permit fee; a signed statement by the owner or other person in lawful control of the site on which the sign is located or will be erected, authorizing the placement of the sign on that site; and, where local governmental regulation of signs exists, a statement from the appropriate local governmental official indicating that the local government will issue a permit to that applicant upon approval of the state permit application by the cabinet.

(c) The annual permit fee for each sign facing shall be thirty dollars ($30). A fee may not be prorated for a period less than the remainder of the permit year to accommodate short-term publicity features; however, a first-year fee may be prorated by payment of an amount equal to one-fourth of the annual fee for each remaining whole quarter or partial quarter of the permit year which ends on January 15. Applications received after September 30 must include fees for the last quarter of the current year and fees for the succeeding year.

(4) An application for a permit shall be acted on by the cabinet within thirty (30) days after receipt of the application by the cabinet.

(5)(a) For each permit issued, the cabinet shall furnish to the applicant a serially numbered permanent metal permit tag. The permittee shall be responsible for maintaining a valid permit tag on each permitted sign facing at all times. The tag shall be securely attached to the sign facing or, if there is no facing, on the pole nearest the highway; and it shall be attached in such a manner as to be plainly visible from the main-traveled way. The permit shall be void unless the permit tag is properly and permanently displayed at the permitted site within thirty (30) days after the date of permit issuance. If the permittee fails to erect a completed sign on the permitted site within two hundred seventy (270) days after the date on which the permit was issued, the permit shall be void, and the cabinet may not issue a new permit to that permittee for the same location for two hundred seventy (270) days after the date on which the permit became void.

(b) If a permit tag is lost, stolen, or destroyed, the permittee to whom the tag was issued shall apply to the cabinet for a replacement tag. Upon receipt of the application accompanied by a service fee of three dollars ($3) the cabinet shall issue a replacement permit tag.

(6) A permit is valid only for the location specified in the permit. Valid permits may be transferred from one (1) sign owner to another upon written acknowledgment from the current permittee and submittal of a transfer fee of five dollars ($5) for each permit to be transferred. However, the maximum transfer fee for any multiple transfer between two (2) outdoor advertisers in a single transaction shall be one hundred dollars ($100).

(7) A permittee shall at all times maintain the permission of the owner or other person in lawful control of the sign site to have and maintain a sign at such site.

(8)(a) All licenses and permits expire annually on January 15, and all license and permit renewal fees are required to be submitted to the cabinet by no later than January 15. On or before November 1 of each year, the cabinet shall send to each permittee a notice of fees due for all permits which were issued to him prior to September 30. Such notice shall list the permits and the permit fees due for each sign facing. The permittee shall, no later than January 1, of each year, advise the cabinet of any additions, deletions, or errors contained in the notice. Permit tags which are not renewed shall be returned to the cabinet for cancellation by January 15. Permit tags which are not renewed or returned to the cabinet shall be accounted for by the permittee in writing, which writing shall be submitted with the renewal fee payment.

(b) If a permittee has not submitted his fee payment by January 15, the cabinet shall, no later than February 1, send notice of violation to the permittee, requiring the payment of the permit fee within thirty (30) days after the date of the notice and payment of a delinquency fee equal to ten percent (10%) of the original amount due or, in the alternative to these payments, requiring the filing of a request for an administrative hearing to show cause why his sign should not be subject to immediate removal due to expiration of his license or permit. If the permittee submits payment as required by the violation notice, his license or permit shall be automatically reinstated and such reinstatement shall be retroactive to January 15. If the permittee does not respond to the

notice of violation within the thirty (30) day period, the cabinet shall remove the sign without further notice and without incurring any liability as a result of such removal.

(9) *The cabinet shall retain ten percent (10%) of all money received by the cabinet pursuant to this Act for use in administration of these provisions. The balance of these receipts shall be forwarded to the tourism cabinet and used solely for the development of tourism within the Commonwealth."*

HCR 128, A CONCURRENT RESOLUTION requesting and petitioning the Legislative Research Commission to study the "Motor Vehicle Lemon" law dispute resolution system to determine whether modifications should be made to better protect the consumer.

WHEREAS, the "new car lemon" law as enacted by the 1986 General Assembly allows manufacturers of motor vehicles to establish their own arbitration systems, requiring only that fifty-one percent (51%) of the members on the arbitration panel have no involvement in the manufacture, distribution, or sale of the motor vehicles in question, thereby inherently casting doubt on the credibility and impartiality of the arbitration process; and

WHEREAS, the complaining consumer is never introduced to the individual arbitrators, usually being ushered into a meeting room, informed only of the general composition of the board, allowed to state his case, and thereafter being expected to respond to questions from persons whose names occupations about which he knows nothing; and

WHEREAS, the location of meetings of the arbitration panel in many circumstances is extremely inconvenient for the complaining consumer; and

WHEREAS, according to the "new car lemon" law there is no requirement that the arbitration panel render a definite finding that the motor vehicle in question is a "lemon," no definition or guideline for what "comparable value" is, no provisions for mileage allowance when complaining consumers choose to trade for a "comparable" motor vehicle, and no provisions for paying a price difference if there have been model year changes resulting in higher new car prices; and

WHEREAS, the possibility exists that when a third party arbitration system is utilized by a complaining consumer, such system may not comply with Kentucky law, thereby creating enforcement problems; and

WHEREAS, according to a consumer protection consumer survey, seventy-six percent (76%) of those persons who used the dispute resolution system in 1986 were not satisfied with the final decisions and fifty-three percent (53%) of those persons certified that they would not use the dispute resolution system again;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Legislative Research Commission be and it is directed to conduct a study of the "Motor Vehicle Lemon" law dispute resolution system to determine whether modifications should be made to better protect the consumer.

Section 2. This report shall be submitted to the Legislative Research Commission no later than September 1, 1989.

Section 3. Staff services to be utilized in completing this study are estimated to cost $20,000.00.

SB 48. AN ACT relating to motor vehicle license plates.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.174 is amended to read as follows:

(1) Any owner of a motor vehicle required to be registered under the provisions of KRS 186.050(1) or (3)(a), except taxicabs, airport limousines and U-Drive-Its, *or any owner of a motorcycle required to be registered under the provisions of KRS 186.050(2)* may, in addition to registration under KRS 186.050(1) or (3)(a), obtain a personalized license plate. A personalized plate shall not be issued unless an application accompanied by a fee of twenty-five dollars ($25.00) is received by the transportation cabinet on or before September 1 preceding the year in which the plate or renewal thereof is to be issued. Any payments required to be made under this section shall be in the form of a certified check, cashier's check or a money order. The application and the twenty-five dollar ($25) fee is to be forwarded immediately to the transportation cabinet. Personalized plates issued under this section expire December 31 each year.

(2) No personalized plate shall be issued which would conflict with or duplicate the alphabetical-numerical system used for regular license plates or any other license plates issued in this Commonwealth, and it shall contain a combination of not more than six (6) letters of the alphabet and arabic numerals, including spaces. No personalized plate shall be issued if, in the discretion of the cabinet, it carries such letter or number combinations which might carry connotations offensive to good taste and decency. The owner must make a new application and pay a new fee each year he desires to obtain a personalized plate. Once an owner obtains a personalized plate, he will have first priority on that plate for each of the following years that he makes timely and proper application.

(3) *When registering a vehicle required to be registered under KRS 186.050(1) or (3)(a),* the cabinet shall send the personalized plate to the county clerk in the county in which the applicant would be required to register his motor vehicle. The county clerk of the county of residence shall issue said personalized license plate and receive thirteen dollars fifty cents ($13.50), of which two dollars ($2) shall constitute the clerk's fee and eleven dollars fifty cents ($11.50) shall constitute the cabinet's fee.

(4) *When registering a motorcyle, the cabinet shall send the personalized plate to the county clerk in the county in which the applicant would be required to register his motorcycle. The clerk shall issue said personalized plate and receive five dollars ($5.00) and three dollars ($3.00) for each sidecar attachment.*

(5) (a) Upon the sale or transfer of such motor vehicle bearing such personalized plate, the owner shall remove same and return it and the certificate of title and registration to the county clerk. (a) A certificate or other paper required to be displayed by law;

(b) Sunscreening material along a strip at the top of the windshield, so long as such material is transparent and does not encroach upon the driver's direct forward viewing area as more particularly described and defined in Federal Motor Vehicle Safety Standards Nos. 205 and 128 as the AS/1 portion of the windshield.

(3) A person shall not operate any motor vehicle required to be registered in the Commonwealth, on any public highway, road, or street on which vehicle the side wings and side windows on either side forward of or adjacent to the operator's seat are composed of, covered by, or treated with any sunscreening material or other product or covering which has the effect of making the window nontransparent or which would alter the window's color, increase its reflectivity, or reduce its light transmittance, except as expressly permitted by this section. A sunscreening material may be applied to such windows if, when tested on one-eighth (1/8) inch clear glass, the material has a total solar reflectance of visible light of not more than twenty-five percent (25%) as measured on the nonfilm side and a light transmittance of at least thirty-five percent (35%) in the visible light range.

(4) A person shall not operate any motor vehicle required to be registered in the Commonwealth, on any public highway, road, or street on which vehicle any windows behind the driver are composed of, covered by, or treated with any sunscreening material, or other product or material which has the effect of making the window nontransparent or which would alter the window's color, increase its reflectivity, or reduce its light transmittance, except as specified below:

(b) Perforated sunscreening material which, when tested in conjunction with existing glazing or film material, has a total reflectance of visible light of not more than thirty-five percent (35%) and a light transmittance of no less than thirty percent (30%). For those products or materials having different levels of reflectance, the highest reflectance from the product or material will be measured by dividing the area into sixteen (16) equal sections and averaging the overall reflectance. The measured reflectance of any of those sections may not exceed fifty percent (50%).

(5) A person shall not operate any motor vehicle required to be registered in the Commonwealth, upon any public highway, road, or street, on which vehicle the rear window is composed of, covered by, or treated with any material which has the effect of making the window nontransparent, unless the vehicle is equipped with side mirrors on both sides.

(6) Each installer or seller of sunscreening material shall provide a pressure-sensitive, self-destructive, nonremovable, vinyl-type film label to the purchaser stating that the material complies with the provisions of KRS 189.010(19) to (22) and subsections (1) to (5) of this section. No police officer shall issue a uniform traffic citation during the first six (6) month period, but owners of vehicles in violation shall be issued a warning citation during said six (6) months.

(9) Any person who applies sunscreening materials in violation of this section shall be guilty upon conviction of a class B misdemeanor [~~No person shall drive any motor vehicle with any sign, poster or other nontransparent material upon the front windshield, sidewings, side or rear windows of the vehicle, other than a paper required to be so displayed by law~~].

(10)[~~(2)~~] Nothing in [~~subsection (1) of~~] this section shall prevent the display of a representation of the American flag on the rear window of any motor vehicle, including any vehicle owned by a local or state government, provided that such representation does not exceed a size of five (5) inches by eight (8) inches

and is placed in a lower corner of the rear window.

(11)[~~(3)~~] The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow or other moisture from the windshield. The device shall be so constructed as to be controlled by the operator of the vehicle.

(1) In a proceeding for dissolution of the marriage or for legal separation, or in a proceeding for disposition of property following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court shall assign each spouse's property to him. It also shall divide the marital property *equally* without regard to marital misconduct *unless, after* [~~in just proportions~~] considering all relevant factors including *the following, equity requires a different division*:

(a) Contribution of each spouse to acquisition of the marital property, including contribution of a spouse as homemaker;

(b) Value of the property set apart to each spouse;

(c) Duration of the marriage; and

(d) Economic circumstances of each spouse when the division of property is to become effective, including the desirability of awarding the family home or the right to live therein for reasonable periods to the spouse having custody of any children.

(a) Property acquired by gift, bequest, devise, or descent;

(b) Property acquired in exchange for property acquired before the marriage or in exchange for property acquired by gift, bequest, devise, or descent;

(c) Property acquired by a spouse after a decree of legal separation;

(d) Property excluded by valid agreement of the parties; and

The presumption of marital property is overcome by a showing that the property was acquired by a method listed in subsection (2) of this section.

(4) If the retirement benefits of one (1) spouse are excepted from classification as marital property, or not considered as an economic circumstance during the division of marital property, then the retirement benefits of the other spouse shall also be excepted, or not considered, as the case may be. Retirement benefits, for the purposes of this subsection shall include retirement or disability allowances, accumulated contributions or any other benefit of a retirement system or plan regulated by the Employes Retirement Income Security Act of 1974, or of a public retirement system administered by an agency of a state or local government, including deferred compensation plans created pursuant to KRS 18A.230 to 18A.275 or defined contribution or money purchase plans qualified under section 401(a) of the Internal Revenue Code of 1954, as amended.

(a) Lacks sufficient property, including marital property apportioned to him, to provide for his reasonable needs; and

(b) Is unable to support himself through appropriate employment or is the custodian of a child whose condition or circumstances make it appropriate that the custodian not be required to seek employment outside the home.

(2) The maintenance order shall be in such amounts and for such periods of time as the court deems just, and after considering all relevant factors including:

(a) The financial resources of the party seeking maintenance, including marital property apportioned to him, and his ability to meet his needs independently, including the extent to which a provision for support of a child living with the party includes a sum for that party as custodian;

(b) The time necessary to acquire sufficient education or training to enable the party seeking maintenance to find appropriate employment;

(c) The standard of living established during the marriage;

(d) The duration of the marriage;

(e) The age, and the physical and emotional condition of the spouse seeking maintenance; and

(f) The ability of the spouse from whom maintenance is sought to meet his needs while meeting those of the spouse seeking maintenance.

Section 3. KRS 403.210 is amended to read as follows:

In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for his support, without regard to marital misconduct, after considering all relevant factors including:

(1) The financial resources of the child;

(2) The financial resources of the custodial parent;

(3) The standard of living the child would have enjoyed had the marriage not been dissolved;

(4) The physical and emotional condition of the child, and his educational needs; [~~and~~]

Section 5. KRS 403.220 is amended to read as follows:

The court from time to time after considering the financial resources of both parties may order a party to pay a reasonable amount for the cost to the other party of maintaining or defending any proceeding under this chapter and for attorney's fees, including sums for legal services rendered and costs incurred prior to the commencement of the proceeding or after entry of judgment*; except that in a proceeding to enforce payment of child support or visitation rights, the prevailing party may be awarded attorney fees, notwithstanding the financial circumstances of the respective parties*. The court may order that the amount be paid directly to the attorney, who may enforce the order in his name.

Section 6. KRS 403.320 is amended to read as follows:

(2) The court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child; but the court shall not restrict a parent's visitation rights unless it finds that the visitation would endanger seriously the child's physical, mental, moral or emotional health.

(3) If the court finds that the custodial parent has flagrantly and persistently violated orders for visitation, the court may order child support paid into escrow in court until such time as there is compliance, but the sums shall be disbursed by the court as it deems equitable, no later than the child's eighteenth birthday.

Section 7. KRS 454.275 is amended to read as follows:

A court may exercise personal jurisdiction *to determine child support liability* over a person whose marital domicile *was* [~~is~~] in Kentucky, and *whose minor child or children reside in Kentucky, and* who[~~, for the purpose of avoiding support and maintenance of his minor children,~~] removes himself from the jurisdiction of the court. In such cases service may be had as provided in KRS 454.210 and 454.270.

(1) The perfection and discharge of a security interest in *any property for which has been issued a Kentucky certificate of title* [~~a motor vehicle, required to be registered or titled in accordance with this chapter,~~] shall be by notation on the certificate of title. The notation of the security interest on the certificate of title shall be in accordance with this chapter and remain effective until discharged under this chapter and KRS Chapter 186. The transportation cabinet shall ensure that the *title* [~~motor vehicle~~] lien statement is in a similar form and contains the same information as that provided for in KRS 355.9-402 and *where applicable* [~~in addition~~] include the year, make, motor number and identification number of *a* [~~the~~] motor vehicle.

Section 4. KRS 186A.195 is amended to read as follows:

(1) As used in this chapter a *title* [~~motor vehicle~~] lien statement is a document to be submitted by the secured party to the county clerk. Upon submission of the *title* [~~motor vehicle~~] lien statement the county clerk shall use the information contained therein to note the security interest on the certificate of title. The county clerk may make *title* [~~motor vehicle~~] lien statements available to the general public. However, public availability of such statements is not necessary or effective to perfect a security interest in *property* [~~motor vehicles~~] required to be registered or titled in accordance with this chapter.

(2) If a *title* [~~motor vehicle~~] lien statement and the required fees accompany the application for first title of *any property* [~~a vehicle~~] in the name of an owner, the county clerk shall enter the information required by KRS 186A.190(5) into the automated system so as to produce a certificate of title in Frankfort bearing in addition to any other required information, the information designated by KRS 186A.190(5). The clerk shall thereby produce, in accordance with design of the automated system, a certificate of registration, if required.

(3) If a *title* [~~motor vehicle~~] lien statement and the required fees are not received at the time of application for first title of *any property* [~~a vehicle~~] in the name of the owner due to owner's residency in another county or if the form prescribed by KRS 186A.060 indicates a pending lien but the *title* [~~motor vehicle~~] lien statement does not accompany the application for title, the county clerk shall enter into the automated vehicle informational system (AVIS) the name and address of the lienholder and the county where the lien is to be noted or that a lien is pending. The clerk shall indicate a title is not to be issued until the lien has been noted and fees, according to KRS 186A.190, paid in the county of the owner's residence or in thirty (30) days. The county clerk shall then issue the registration. The county clerk in the county of the owner's residence shall, after receiving the *title* [~~motor vehicle~~] lien statement and fees, contained in KRS 186A.190 enter into the automated vehicle information system (AVIS) the date of lien notation and the notation number, thus enabling the system to produce the title in Frankfort.

(4) Should a certificate of title be issued after the thirty (30) day period has expired without the notation of a security interest thereon or should there be no provision made for a lien to be noted in the county of residence of the debtor within thirty (30) days and the title issued within that time, the secured party shall request from the debtor, and the debtor shall submit to the secured party, the certificate of title. The secured party shall submit the certificate of title along with the *title* [~~motor vehicle~~] lien statement to the county clerk of the county of the debtor's residence. The county clerk shall then enter the information required by KRS 186A.190(5) into the automated vehicle information system (AVIS) and note on the certificate of title in the appropriate section the information described in that section. Following the notation of the appropriate information on the certificate of title, the county clerk shall return the title to the debtor.

(5) The security interest noted on the certificate of title shall be deemed perfected at the time the security interest attaches (KRS 355.9-203) if the secured party tenders the required fees and submits a properly completed *title* [~~motor vehicle~~] lien statement and application for first title or, in the case of *property* [~~a vehicle~~] previously titled in the name of its debtor, the certificate of title to the appropriate county clerk within ten (10) days of attachment. Otherwise the security interest shall be deemed perfected at the time that such fees are tendered and such documents are submitted to the appropriate county clerk.

SECTION 5. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

Any lien notated on a Kentucky certificate of title which evidences a security interest perfected after July 1, 1987, but before the effective date of this Act shall be valid whether the security interest was perfected by filing a motor vehicle lien statement under this chapter or by filing a financing statement under article 9 of KRS Chapter 355. Such security interests shall be considered perfected as of the date of tender of the motor vehicle lien statement or financing statement as the case may be. A security interest evidenced by a lien notated on a Kentucky certificate of title, which was perfected by filing a financing statement under article 9 KRS Chapter 355, remains perfected without the requirement of filing a continuation statement under KRS 355.9-403.

SECTION 6. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) If a Kentucky certificate of title is outstanding as of the effective date of this Act without the notation of a valid lien representing a security interest perfected under this chapter, the transportation cabinet upon application of either the secured party or the debtor shall cancel the current certificate of title and issue a new certificate of title with the lien notated thereon. The security interest represented by the lien shall be considered perfected as of the original date of filing of the title lien statement or financing statement.

(2) Notwithstanding the provisions of KRS 355.9-403, no continuation statement shall be filed under KRS 355.9-403 for security interests in property eligible to be titled through issuance of a Kentucky certificate of title, but for which no Kentucky certificate of title has been issued. The secured party or debtor shall apply for the issuance of a Kentucky certificate of title on such property, with the valid lien representing the security interest notated thereon, prior to or upon the date that the filing of a continuation statement would be required under KRS 355.9-403. The security interest then represented by the lien so notated shall be considered perfected as of the original date of filing the financing statement.

Section 7. KRS 355.9-401 is amended to read as follows:

(1) The proper place to file in order to perfect a security interest is as follows:

(a) When the collateral is equipment used in farming operations, or farm products, or accounts[~~,~~] or general intangibles arising from or relating to the sale of farm products by a farmer, or consumer goods, then in the office of the county clerk in the county of the debtor's residence or if the debtor is not a resident of this state then in the office of the county clerk in the county where the goods are kept, and in addition when the collateral is crops growing or to be grown in the office of the county clerk in the county where the land is located;

(b) When the collateral is timber to be cut or is minerals or the like (including oil and gas), *other than coal*, or accounts subject to subsection (5) of KRS 355.9-103, *other than accounts arising out of the sale of coal*, or when the financing statement is filed as a fixture filing (KRS 355.9-313) and the collateral is goods which are or are to become fixtures, then in the office where a mortgage on the real estate would be filed or recorded, *and where they shall be indexed separately from mortgage instruments*; and

(c) In all other cases, if the debtor is a resident of this state in the office of the county clerk in the county of the debtor's residence or, if the debtor is a nonresident of this state, then in the office of the secretary of state of the Commonwealth of Kentucky. The secretary of state may collect a fee of eight dollars ($8) for each filing in his office under this section.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this Article and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this state continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) The rules stated in KRS 355.9-103 determine whether filing is necessary in this state.

(5) For the purposes of this section:

(a) An individual debtor for whom filing is controlled by KRS 355.9-401(1)(c) shall be deemed a resident of the county in which the debtor's principal place of business in this state is located. If the debtor does not have a place of business in this state, then the debtor shall be deemed a nonresident for purposes of filing in this state;

(b) A partnership shall be deemed a resident of the county in which its principal place of business in this state is located. If the debtor does not have a place of business in this state, then the debtor shall be deemed a nonresident for purposes of filing in this state;

(c) A limited partnership organized under KRS Chapter 362 shall be deemed a resident of the county in which its principal place of business is located, as set forth in its certificate of limited partnership or most recent amendment thereto filed pursuant to KRS Chapter 362;

(d) A limited partnership not organized under the laws of this state and authorized to do business in this state under KRS Chapter 362 shall be deemed a resident of the county in which the office of its process agent is located, as set forth in the designation or most recent amendment thereto filed with the secretary of state of the Commonwealth of Kentucky;

(e) A corporation organized under KRS Chapter 271A, 273 or 274 shall be deemed a resident of the county in which its registered office is located, as set forth in its most recent corporate filing with the secretary of state which officially designates its current registered office;

(f) A corporation not organized under the laws of this state and authorized to transact or do business in this state under KRS Chapter 271A, 273 or 274 shall be deemed a resident of the county in which its registered office is located, as set forth in its most recent corporate filing with the secretary of state which officially designates its current registered office;

(g) A cooperative corporation or association organized under KRS Chapter 272 shall be deemed a resident of the county in which its principal business is transacted, as set forth in its articles of incorporation or most recent amendment thereto filed with the secretary of state of the Commonwealth of Kentucky;

(h) A cooperative corporation organized under KRS Chapter 279 shall be deemed a resident of the county in which its principal office is located, as set forth in its articles of incorporation or most recent amendment thereto filed with the secretary of state of the Commonwealth of Kentucky;

(i) A business trust organized under KRS Chapter 386 shall be deemed a resident of the county in which its principal place of business is located, as evidenced by the recordation of its declaration of trust in that county pursuant to KRS Chapter 386;

(j) A credit union organized under KRS Chapter 290 shall be deemed a resident of the county in which its principal place of business is located, as set forth in its articles of incorporation or most recent amendment thereto filed with the secretary of state of the Commonwealth of Kentucky; and

(k) Any other organization (defined in KRS 355.1-201) shall be deemed a resident of the county in which its principal place of business in this state is located. If the organization does not have a place of business in this state, then it shall be deemed a nonresident for purposes of filing in this state.

Section 8. KRS 355.9-402 is amended to read as follows:

(1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned and must describe the production season. If the production season is not described, the financing statement shall be deemed to describe the crops produced in the production season which ends within twelve (12) months after the filing date of the financing statement. A financing statement shall not describe more than one (1) production season. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas), *other than coal,* or accounts subject to subsection (5) of KRS 355.9-103, *other than accounts arising out of the sale of coal,* or when the financing statement is filed as a fixture filing (KRS 355.9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state or in any other state.

(2) A financing statement which otherwise complies with subsection (1) of this section is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in:

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state, or that the debtor's location was changed to this state under such circumstances; or

(b) Proceeds under KRS 355.9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) Collateral as to which the filing has lapsed; or

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7) of this section).

(3) A form substantially as follows is sufficient to comply with subsection (1) of this section:

Name of debtor (or assignor) ____________________

Address ____________________

Name of secured party (or assignee) ____________________

Address ____________________

(a) This financing statement covers the following types (or items) of property:

(Describe) ____________________

(b) (If collateral is crops) The above described crops are growing or are to be grown on:

(Describe Real Estate) ____________________

(c) (If applicable) The above goods are to become fixtures on (or) The above timber is standing on (or) The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on:

(Describe Real Estate) ____________________

and this financing statement is to be filed in the same office as the real estate records. (If the debtor does not have an interest of record) The name of a record owner is ____________________.

(d) (If products of collateral are claimed)Products of the collateral are also covered.

Signature of Debtor (or Assignor) ____________________

Signature of Secured Party (or Assignee) ____________________

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this Article, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas), *other than coal,* or accounts subject to subsection (5) of KRS 355.9-103, *other than accounts arising out of the sale of coal,* or a financing statement filed as a fixture filing (KRS 355.9-313), must show that it covers this type of collateral, must recite that it is to be filed in the same office as the real estate records, and the financing statement must contain a description of the real estate. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if:

(a) The goods are described in the mortgage by item or type;

(b) The goods are or are to become fixtures related to the real estate described in the mortgage;

(c) The mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records; and

(d) The mortgage is duly recorded.

No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or the names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four (4) months after the debtor notifies the secured party in writing of the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

Section 9. KRS 355.9-403 is amended to read as follows:

(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this Article.

(2) Except as provided in subsection (6) of this section a filed financing statement is effective for a period of five (5) years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five (5) year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty (60) days or until expiration of the five (5) year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six (6) months prior to the expiration of the five (5) year period specified in subsection (2) of this section. Any such continuation statement must be signed by the secured party, identify the original statement by file number and date filed and state that the original statement is still effective. A continuation statement signed by a person other than the secured party *of* [~~or~~] record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of KRS 355.9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five (5) years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) of this section unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after one (1) year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other relating filings, or by other means, that if he physically destroys the financing statements of a period more than five (5) years past, those which have been continued by a continuation statement or which are still effective under subsection (6) of this section shall be retained.

(4) Except as provided in subsection (7) of this section a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fee for filing and indexing an original or a continuation statement shall be as provided for in KRS 64.012. This fee includes the fee for filing and indexing a termination statement and for sending

or delivering the terminated instrument and financing statement.

(6) A real estate mortgage which is effective as a fixture filing under subsection (6) of KRS 355.9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas), *other than coal,* or accounts subject to subsection (5) of KRS 355.9-103, *other than accounts arising out of the sale of coal,* or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

Section 10. KRS 355.9-405 is amended to read as follows:

(1) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in KRS 355.9-403 (4). The uniform fee for filing and indexing a financing statement so indicating an assignment shall be as provided in KRS 64.012.

(2) A secured party may assign of record all or a part of his rights under a financing statement by the filing in the place where the original financing statement was filed of a separate written statement of assignment signed by the secured party of record and setting forth the name of the secured party of record and the debtor, the file number and the date of filing of the financing statement and the name and address of the assignee and containing a description of the collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of filing. He shall note the assignment on the index of the financing statement, or in the case of a fixture filing, or a filing covering timber to be cut, or covering minerals or the like (including oil and gas), *other than coal,* or accounts subject to subsection (5) of KRS 355.9-103, *other than accounts arising out of the sale of coal,* he shall index the assignment under the name of the assignor as grantor and, to the extent that the law of this state provides for indexing the assignment of a mortgage under the name of the assignee, he shall index the assignment of the financing statement under the name of the assignee. The uniform fee for filing and indexing such a separate statement of assignment shall be as provided in KRS 64.012. Notwithstanding the provisions of this subsection, an assignment of record of a security interest in a fixture contained in a mortgage effective as a fixture filing (subsection (6) of KRS 355.9-402) may be made only by an assignment of the mortgage in the manner provided by the law of this state other than this chapter.

(3) After the disclosure or filing of an assignment under this section, the assignee is the secured party of record.

Section 11. SCR 53, A CONCURRENT RESOLUTION directing the creation of a special commission for the study of the consolidation of counties.

WHEREAS, the Commonwealth of Kentucky currently has one hundred twenty (120) counties, ranging in area from 99 square miles to 785 square miles, and in population, according to the 1980 federal census, from 2,265 inhabitants to 685,004 inhabitants; and

WHEREAS, the Commonwealth with a total of 39,669 square miles ranks thirty-seventh out of the fifty States of the Union in area but is third among the fifty States in the number of counties, following the States of Texas and Georgia, with 254 and 159 counties, respectively; and

WHEREAS, as long ago as at the time of the 1890 debates of the constitutional convention which produced the current Constitution of the Commonwealth, it was recognized that "the trend of public opinion in Kentucky is towards a reduction of this number of counties, if it were possible." 1 *Official Report of the Proceedings and Debates of the 1890 Kentucky Constitutional Convention* 329, and that "the Committee on Municipalities was unanimously of the opinion that 400 square miles should be the smallest area entitled to a separate organization." *id.*; and

WHEREAS, the advances in transportation technology and in the public road system of the Commonwealth over the past ninety-eighty years have further weakened the justification for the presence of so many counties in that with these advances the difficulty of travelling to county seats has been greatly ameliorated; and

WHEREAS, although extensive legislation has existed for the consolidation of counties since 1942, which legislation is codified at Sections 67.190 to 67.310 of the Kentucky Revised Statutes, no consolidation of counties has resulted from utilization of these statutes; and

WHEREAS, considerable sentiment has been expressed from numerous segments of the people of the Commonwealth for further exploration of this subject in light of the existing revenue constraints facing county governments throughout the Commonwealth and the possibility of savings through a decrease in the number of counties and the duplication of offices and services;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. The Legislative Research Commission is directed to create a Special Commission for the Study of the Consolidation of Counties to review the state constitutional and statutory provisions pertaining to consolidation of counties and to carry out a study on the desirability, feasibility, and methodology for consolidation of counties within the Commonwealth.

(5) The development of recommendations for new legislation to promote the utilization of statutorily-created methods of voluntary consolidation of counties;

(6) An examination of any constitutional basis for consolidation of counties by action of the General Assembly with a consideration of the effects and benefits thereof, in the event that voluntary consolidation cannot be effected: and

(7) Such other matters as the Special Commission may determine warrant treatment as it deals with the above specified items.

Section 3. The Special Commission shall consist of the following twenty-three (23) members:

(a) Insubordination, including but not limited to 1. violations of lawful rules and regulations established by the local board of education for the operation of schools, and 2. refusal to recognize or obey the authority of the superintendent, principal, or any other supervisory personnel of the board in the performance of their duties;

(b) Immoral character or conduct unbecoming a teacher;

(c) Physical or mental disability;

(d) Inefficiency, incompetency, or neglect of duty, when a written statement identifying the problems or difficulties has been furnished the teacher or teachers involved.

(2) (a) Charges on the above causes shall be supported by written records of teacher performance by the superintendent, principal, or other supervisory personnel of the board.

(b) Marriage of a teacher shall not be cause for termination of the contract.

(3) No contract shall be terminated except upon recommendation of the superintendent and unless the teacher is furnished with a written statement, specifying in detail the charge or charges against said teacher, signed by the chairman and secretary of the board of education and naming a date and place at which the teacher may appear before the board of education and answer said charge or charges. Said date for the hearing shall not be less than twenty (20) nor more than thirty (30) days after the service of such charges upon the teacher. The teacher shall within ten (10) days after the receipt of the written statement of such charges notify the board of education of his intention to appear and answer such charges, and upon failure of the teacher to give such notice, the board of education may dismiss the teacher, *if a quorum is present,* by a majority vote *of the members present* and such dismissal shall be final.

(4) Upon receipt of the teacher's notice of intention to appear and answer such charges, the board of education shall issue such subpoenas as shall be necessary for the determination of the issues involved. The issue shall be heard at the time and place set and the hearing shall be public or private at the discretion of the teacher. Both parties may be represented by counsel and may require the presence of witnesses upon subpoena. Each witness shall be required to take oath or affirmation before an officer of the board of education. The board of education shall provide for a stenographic report of the proceedings and furnish the teacher with a copy. (5) The board of education may, on recommendation of the superintendent, suspend a teacher pending final action to terminate his contract if, in its judgment, the character of the charges warrants such action. If after the hearing the decision of the board is against termination of the contract, the suspended teacher shall be paid his full salary for the period of such suspension.

(6) The teacher shall have a right to make an appeal both as to law and as to fact to the circuit court. If said appeal is not made within thirty (30) days after dismissal, then the decision of the board of education shall be final. Such appeal shall be an original action in said court and shall be commenced by the filing of a petition against such board of education, in which petition the facts shall be alleged upon which the teacher relies for a reversal or modification of the order of termination of contract. Upon service or waiver of summons in said appeal, such board of education shall forthwith transmit to the clerk of said court for filing a transcript of the original notice of charges and a transcript of all evidence adduced at the hearing before such board, whereupon the cause shall be at issue without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing before the board of education and shall hold such additional hearings as it may deem advisable, at which it may consider other evidence in addition to such transcript and record. Upon final hearing, the court shall grant or deny the relief prayed for in the petition as may be proper under the provisions of KRS 161.720 to 161.810 and in accordance with the evidence adduced at the hearing. Either the teacher or the board of education may appeal from the action of the court to the Court of Appeals.

(7) The board of education may suspend a teacher without pay for the length of time the board determines to be warranted by the seriousness of the charge. The decision to suspend is at the discretion of the board upon completion of a hearing on the charges. A vote on suspension shall not be taken unless a quorum is present, and the decision to suspend shall require a majority vote of the members present. The decision of the board shall be final. Upon completion of the suspension period, the teacher shall be reinstated with full benefits.

(b) Marriage of a teacher shall not be cause for termination of the contract.

(3) No contract shall be terminated except upon recommendation of the superintendent and unless the teacher is furnished with a written statement, specifying in detail the charge or charges against said teacher, signed by the chairman and secretary of the board of education and naming a date and place at which the teacher may appear before the board of education and answer said charge or charges. Said date for the hearing shall not be less than twenty (20) nor more than thirty (30) days after the service of such charges upon the teacher. The teacher shall within ten (10) days after the receipt of the written statement of such charges notify the board of education of his intention to appear and answer such charges, and upon failure of the teacher to give such notice, the board of education may dismiss the teacher by a majority vote and such dismissal shall be final.

(4) Upon receipt of the teacher's notice of intention to appear and answer such charges, the board of education shall issue such subpoenas as shall be necessary for the determination of the issues involved. The issue shall be heard at the time and place set and the hearing shall be public or private at the discretion of the teacher. Both parties may be represented by counsel and may require the presence of witnesses upon subpoena. Each witness shall be required to take oath or affirmation before an officer of the board of education. The board of education shall provide for a stenographic report of the proceedings and furnish the teacher with a copy. Upon completion of both sides of the case the board of education may by a majority vote dismiss the teacher or may defer its action for not more than five (5) days.

(5) The board of education may, on recommendation of the superintendent, suspend a teacher pending final action to terminate his contract if, in its judgment, the character of the charges warrants such action. If after the hearing the decision of the board is against termination of the contract, the suspended teacher shall be paid his full salary for the period of such suspension.

(6) The teacher shall have a right to make an appeal both as to law and as to fact to the circuit court. If said appeal is not made within thirty (30) days after dismissal, then the decision of the board of education shall be final. Such appeal shall be an original action in said court and shall be commenced by the filing of a petition against such board of education, in which petition the facts shall be alleged upon which the teacher relies for a reversal or modification of the order of termination of contract. Upon service or waiver of summons in said appeal, such board of education shall forthwith transmit to the clerk of said court for filing a transcript of the original notice of charges and a transcript of all evidence adduced at the hearing before such board, whereupon the cause shall be at issue without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing before the board of education and shall hold such additional hearings as it may deem advisable, at which it may consider other evidence in addition to such transcript and record. Upon final hearing, the court shall grant or deny the relief prayed for in the petition as may be proper under the provisions of KRS 161.720 to 161.810 and in accordance with the evidence adduced at the hearing. Either the teacher or the board of education may appeal from the action of the court to the Court of Appeals.

(7) As an alternative to termination of a teacher's contract, the board of education may, by majority vote, impose other sanctions including but not limited to suspension without pay, transfer notwithstanding the provisions of KRS 160.380 and 161.760, public reprimand or private reprimand. The decision to impose sanctions is within the discretion of the board after a hearing on the charges. Upon hearing both sides of the case, the board may impose a sanction or may defer its action for not more than five (5) days. The decision of the board shall be final. Upon completion of a suspension period, the teacher shall be reinstated with full benefits.

HB 1008, AN ACT relating to the power equalization fund.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.580 is amended to read as follows:

It is the intent of the legislature that funds received by a local district under the power equalization program above the 1985-86 level of support shall be used to supplement the instructional program in the following manner and under the following priorities:

(1) The local board of education shall supplement the one hundred eighty-five (185) day foundation program salary allotment, for each rank and experience set forth in the biennial budget[~~, two hundred twenty-five dollars ($225) for the 1986-87 school year and~~] two hundred seventy-five dollars ($275) [~~for the 1987-88 school year~~]. If a local district is not meeting this requirement then power equalization funds shall be expended to achieve the required one hundred eighty-five (185) day instructional salary;

(2) If the requirements of subsection (1) of this section have been met and if the local district has not met the class size requirements in grades one (1) through six (6) with no exemptions, then power equalization funds shall be expended for this purpose. In the event power equalization funds are available for this purpose, no exemption in class size requirements shall be granted to the district, except as provided in this subsection. All classes shall be within the maximum class sizes by September 15 of each school year. However[~~, through the 1987-88 school year,~~] if a school's enrollment increases after September 15, an exemption for reason of space limitation only, for up to two (2) students above the maximum class size may be granted to a class in which the newly enrolled students are placed. These exemptions shall not be granted for kindergarten classes and for classes with combined grades. These exemptions shall be granted only after the department of education has made an on-site visit and analyzed the district's total classroom space, class sizes and all alternatives and has determined that the district has no means by which to meet the maximum class size requirements with available space. Temporary exemptions shall be granted by the department pending the required on-site visit and analysis. Except as otherwise provided for in this subsection, exemptions shall be subject to the provisions of KRS 157.360(3) and (4) and regulations pertaining thereto. Any district failing to comply with this subsection is subject to loss of the power equalization funds available for this purpose under this section;

(3) If the requirements of subsections (1) and (2) of this section have been met power equalization funds may be expended for the purpose of accommodating the requirement of a duty-free lunch period. The local district may employ non-instructional aides at the ratio of one (1) for every six (6) teachers. If non-instructional teacher aides are employed full-time under this section, they shall be assigned to a specific location within the school and be available for the use of classroom teachers to provide non-instructional assistance when not on lunch room duty;

(4) *If the provisions of subsections (1) to (3) of this section have been met, power equalization funds shall be expended to provide free textbooks for the use of those pupils in grades nine (9) to twelve (12) who are unable to rent or purchase textbooks based upon the federal guidelines of the free and reduced price lunch program.*

(5) If the provisions of subsections (1) *to (4)*[~~, (2), and (3)~~] of this section have been met, power equalization funds shall be expended to staff non-administrative instructional positions beyond those provided by the foundation program at a level equal to the total power equalization funds available under this section divided by the average value of a foundation unit or to staff building-level instructional support positions provided such expenditures meet the criteria established by the state board of education. In meeting this requirement non-federally funded teacher's aides employed before the 1985-86 school year may be counted on the basis of two (2) aides being equal to one (1) teacher. If facilities are not available to accommodate the additional instructional staff, power equalization funds may be used to construct or renovate only classroom space and only on a cash basis;

(5) The state board of education shall promulgate any administrative regulations and require from local districts any documentation necessary to insure compliance with the provisions of this section; and

(6) No local district shall be eligible for state power equalization support above the 1985-86 level of support during any school year in which it is not in compliance with the provisions of this section.

Public school foundation program funds made available to the credit of each district during any year, shall be received, held and expended by the district board, subject to the provisions of law and Kentucky administrative regulations of the state board of education. The following restrictions shall govern the expenditure of funds from the public school foundation program fund:

(1) The teachers' salaries allotment for each district from the public school foundation prfund and from local sources shall be used only for teachers holding properly authorized certificates. (e) As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets.[~~; provided, however,~~]

(4) If any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the superintendent of public instruction under Kentucky administrative regulations of the state board of education, may authorize the district to use all or a proportionate fraction of its capital outlay allotment for current expenses. *However, a district which uses capital outlay funds for current expenses shall not be eligible to participate in the school facilities construction commission funds.*

(5)[~~(4)~~] If a survey shows that a school district has no capital outlay needs as shown in paragraphs (a), (b), (c), and (d) of subsection (3) of this section, upon approval of the superintendent of public instruction, these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment, purchase of school buses and the purchase of modern technological equipment, including telecommunications hardware, televisions, computers and other technological hardware to be utilized for educational purposes only.

HCR 120, A CONCURRENT RESOLUTION endorsing the concept of exporting coal by wire as electricity, and directing a study of its feasibility.

WHEREAS, after a period of stagnation, the nation's demand for electricity is growing rapidly; and

WHEREAS, increasingly, this demand is being met with imports from Canada; and

WHEREAS, Kentucky has enough coal to meet the needs of the nation for decades, and the technical know-how to burn the coal cleanly; and

WHEREAS, power generating plants located in Kentucky's coal fields would reduce the problems of transporting coal, create local jobs and create a new export base within the state;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the General Assembly endorses the concept of exporting coal by wire, that is, of producing electricity, in the coal fields for export to other states.

Section 2. That the Interim Joint Committee on Energy is directed to study the economic environmental and technical feasibility of producing surplus electric power in the coal fields for export to other states by wire, and to submit a report and recommendations to the Legislative Research Commission no later than September 30, 1989. In its study, the Committee should review the experience of other states, particularly West Virginia, to identify any potential problems, and should evaluate various options for organizing and financing the needed facilities.

Section 3. Staff services to be utilized in completing this study are estimated to cost $20,000. These staff services shall be provided from the regular Commission budget and are subject to the limitations and other responsibilities of the Commission.

If the fee is to be paid in installments the person may be released on such terms and conditions as are set by the releasing authority.

(4) Upon the failure of a person to pay an installment on a fee set forth in a release agreement the releasing authority shall hold a hearing to determine why the installment has not been paid. Failure without good cause to pay an installment pursuant to a release agreement shall be grounds for the revocation of probation, parole, conditional release, or other form of release upon which the person has been released.

(5) The releasing authority shall hold a hearing to determine the ability of the defendant to make such payments and in making this determination the releasing authority shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution. The releasing authority may waive the payment of the fee in whole or in part if it finds that any of the following factors exist:

(e) Any other factor which may bear upon the defendant's financial capacity to pay said fee.

(6) At any time during the pendency of the judgment or order rendered according to the terms of this section, a defendant may petition the releasing authority to modify or vacate its previous judgment or order on the grounds of change of circumstances with regard to the defendant's ability to pay said fee. The releasing authority shall advise the defendant of this right at the time of the rendering of the judgment or order placing the defendant on probation, parole, or other supervised release.

(7) All sums paid by the defendant pursuant to this section shall be paid into the general fund.

(8) When granting a release of any defendant by way of probation, parole, or otherwise, the releasing authority shall make the payment of this fee a condition of such release, unless the authority specifically waives the fee, and nonpayment shall be grounds for revocation of the release as provided in KRS 533.050.

(9) All fees fixed under the provisions of this section shall be collected by the circuit clerk of the county involved.

(10) The corrections cabinet and office of community services shall for each person released under its supervision keep an account of all payments made, maintain copies of all receipts issued by the circuit clerk and report delinquencies to the court.

(11) In counties containing an urban-county form of government, persons placed by a releasing authority on probation, parole, or other release subject to supervision by the adult misdemeanant probation and work release agency of the urban-county government shall pay a fee to offset the costs of supervising the probation, parole, or other supervised release. The fees shall be assessed by the releasing authority in accordance with the provisions of subsections (2), (3), (4), (5), (6), (8) and (9) of this section. All sums paid by the defendant under this subsection shall be paid into the general fund of the urban-county government in lieu of the payment specified in subsection (7) of this section. All fees fixed under this subsection shall be collected by the circuit clerk of the urban county involved. The adult misdemeanant probation and work release agency of the urban-county government shall for each person released under its supervision keep an account of all payments made, maintain copies of all receipts issued by the circuit clerk and report delinquencies to the court.

All sums paid by the defendant under this subsection shall be paid into the general fund of the county government in lieu of the payment specified in subsection (7) of this section. The person ordered to the designated facility shall present himself for registration and initiation of a treatment program within five (5) days of the date of sentencing. If, without good cause, the person fails to appear at the designated facility within the specified time, or if at any time during the program of treatment prescribed, the authorized clinical director of the facility finds that the person is unwilling to participate in his treatment and rehabilitation, the director shall notify the sentencing court. Upon receipt of notification, the court shall cause the person to be brought before it and may continue the order of treatment and rehabilitation, or may order confinement in the county jail for not more than one (1) year or a fine of not more than five hundred dollars ($500), or both. The secretary or his designee shall notify the sentencing court of the date of such discharge from the facility.

(b) The secretary of the cabinet for human resources or his designee shall inform each court of the identity and location of the facility to which such person is sentenced.

(c) Transportation to the facility shall be provided by the court when the court finds the person unable to convey himself to the facility within five days of sentencing by reason of physical infirmity or financial incapability.

Voiding of conviction under this subsection and dismissal may occur only once with respect to any person.

(9) Any person who knowingly and unlawfully possesses for his own use or transfers less than eight (8) ounces of marijuana shall be confined in the county jail for not more than ninety (90) days or be fined not more than two hundred fifty dollars ($250).

(a) Any person found guilty of violating subsection (9) above may be ordered to a facility designated by the secretary of the cabinet for human resources where a program of education, treatment, and rehabilitation not to exceed ninety (90) days in duration shall be prescribed. The person ordered to the designated facility shall present himself for registration and initiation of a treatment program within five (5) days of the date of sentencing. If without good cause, the person fails to appear at the designated facility within the specified time, or if any time during the program of treatment prescribed, the authorized clinical director of the facility finds that the person is unwilling to participate in his treatment and rehabilitation, the director shall notify the sentencing court. Upon receipt of notification, the court shall cause the person to be brought before it and may continue the order of treatment and rehabilitation, or may order confinement in the county jail for not more than ninety (90) days or a fine of not more than two hundred fifty dollars ($250) or both. Upon discharge of the person from the facility by the secretary of the cabinet for human resources or his designee prior to the expiration of the ninety-day period or upon satisfactory completion of ninety (90) days of treatment, the person shall be deemed finally discharged from sentence. The secretary or his designee shall notify the sentencing court of the date of such discharge from the facility.

(b) The secretary of the cabinet for human resources or his designee shall inform each court of the identity and location of the facility to which a person sentenced by that court under this chapter shall be initially ordered.

(c) In the case of a person ordered to a facility for treatment and rehabilitation pursuant to this chapter, transportation to the facility shall be provided by the court when the court finds the person unable to convey himself to the facility within five (5) days of sentencing by reason of physical infirmity or financial incapability.

(d) The sentencing court shall immediately notify the designated facility of the sentence and its effective date.

(e) The secretary of the cabinet for human resources, or his designee, may authorize transfer of the person from the initially designated facility to another facility for therapeutic purposes. The sentencing court shall be notified of termination of treatment by the terminating facility.

"SECTION 2. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

For purposes of eligibility for aid to families with dependent children, "aid to families with dependent children standard of need" means the poverty income level by size of family unit, as annually issued by the U.S. department of health and human services, minus the combined value of the state's average medicaid utilization *for a given family size plus the value of U.S. food stamps for a given family size.*

Section 3. KRS 205.200 is amended to read as follows:

(1) A needy aged person, a needy blind person, a needy child, a needy permanently and totally disabled person, or a person with whom a needy child lives shall be eligible to receive a public assistance grant only if he has made a proper application or an application has been made on his behalf in the manner and form prescribed by regulation. No individual shall be eligible to receive public assistance under more than one (1) category of public assistance for the same period of time.

(2) The secretary shall, by regulations, prescribe the conditions of eligibility for public assistance in conformity with the public assistance titles of the social security act, its amendments and other federal acts and regulations. *The secretary shall also promulgate regulations to allow for between a forty percent (40%) and a forty-five percent (45%) ratable reduction in the method of calculating eligibility and benefits for aid to families with dependent children. In no instance shall grants to families with no income be less than the appropriate aid to families with dependent children grant maximum. As used in this section, "ratable reduction" means the percentage reduction applied to the deficit between the family's countable income and the standard of need for the appropriate family size.*

(3) The secretary may by regulation prescribe as a condition of eligibility that a needy child regularly attend school, and may further by regulation prescribe the degree of relationship of the person or persons in whose home such needy child must reside.

(4) The secretary may be regulation prescribe conditions for bringing paternity proceedings or actions for support in cases of out of wedlock birth or nonsupport by a parent in the aid to families with dependent children program.

(5) Public assistance shall not be payable to or in behalf of any individual who has taken any legal action in his own behalf or in the behalf of others with the intent and purpose of creating eligibility for such assistance.

(6) The cabinet shall promptly notify the appropriate law enforcement officials of the furnishing of aid to families with dependent children in respect to a child who has been deserted or abandoned by a parent.

(7) No person shall be eligible for public assistance payments if, after having been determined to be potentially responsible, and afforded notice and opportunity for hearing, he refuses without good cause:

The secretary may prescribe by regulation standards of suitability for training and employment.

(8) To the extent permitted by federal law, scholarships, grants or other types of financial assistance for education shall not be considered as income for the purpose of determining eligibility for public assistance.

(9) The cabinet shall include a special needs allowance to recipients of aid to families with dependent children for costs associated with education and training, limited to transportation to and from training or educational programs and child care costs necessary for participation in education and training programs. The cabinet shall promulgate administrative regulations setting forth the special needs which will be recognized and the circumstances under which they will be included, the amount of special needs allowances and the length of time recipients may receive such allowances. Such regulations shall provide that work expenses and child care costs resulting from employment in an employment search program or a community work experience program shall not be special needs.

(7) The commissioner may employ personnel, procure equipment, supplies and services, and enter into contracts in the name of the Commonwealth for work or services required by the coyote control program. The commissioner shall not enter into any contract with an independent contractor to procure the services required by this program unless he first determines that the independent contractor possesses the skill and experience required to carry out the coyote population control, and that the independent contractor has secured liability insurance in an amount determined by the commissioner sufficient to compensate for any loss which results from the independent contractor's negligence. However, a contract for coyote depopulation services may not exceed fifty dollars ($50) per day.

(8) All moneys collected pursuant to the provisions of this Act, including the funds that may be contributed or paid by the federal government or any other public or private agency, organization or individual, shall be placed in the state treasury to the credit of a revolving, trust or agency fund account for use by the department in carrying out the provisions of this Act.

(9) The commissioner may cooperate with the federal government or agencies thereof, or other agencies of the Commonwealth, county or municipal governments, agencies of neighboring states, or other public or private organizations, or individuals and may accept such funds, equipment, supplies or services from these organizations as may be deemed appropriate. The commissioner may provide in agreements with the federal government or its agencies for matching of federal funds as may be required. (a) From zero to six thousand (6,000) bushels, fifty dollars ($50);

(b) Six thousand (6,000) to one hundred thousand (100,000) bushels, one hundred dollars ($100);

(e) Six million (6,000,000) to ten million (10,000,000) bushels, four hundred dollars ($400); or

(f) Over ten million (10,000,000) bushels, five hundred dollars ($500).

(2) The fee for each license shall be deposited in a trust and agency fund account in the state treasury to be used for carrying out the provisions of KRS 251.410 to 251.510.

(3) Every person licensed as a grain dealer shall file with the department a surety bond signed by the dealer as principal and by a responsible company authorized to execute surety bonds within the Commonwealth of Kentucky. A grain dealer may file with the department, in lieu of a surety bond, a certificate of deposit payable to the commissioner, as trustee or an irrevocable letter of credit on forms prescribed by the commissioner. The principal amount of the certificate or letter of credit shall be the same as that required for a surety bond under this section, and the interest thereon if any shall be made payable to the purchaser. The bond shall be a principal amount, to the nearest one thousand dollars ($1,000), equal to ten percent (10%) of the aggregate dollar amount paid by the dealer to producers for grain purchased from them during the dealer's last completed fiscal year, or in the case of a dealer who has been engaged in business as a grain dealer for less than one (1) year or who has not theretofore engaged in such business, ten percent (10%) of the estimated

aggregate dollar amount to be paid by the dealer to producers for grain purchased from them during the next fiscal year. Such bond shall not be less than twenty-five thousand dollars ($25,000) nor more than one hundred thousand dollars ($100,000), except as otherwise authorized by this section. Any grain dealer may file with the department, in lieu of a surety bond, a certificate of deposit payable to the commissioner, as trustee or an irrevocable letter of credit on forms prescribed by the commissioner. The principal amount of the certificate shall be the same as that required for a surety bond under this section and the interest thereon shall be made payable to the purchaser thereof.

(4) The commissioner shall, when he questions a grain dealer's ability to pay producers for grain purchased, or when he determines that the grain dealer does not have a sufficient net worth to meet his financial obligations, require a grain dealer to post an additional bond in a dollar amount equal to the insufficiency or shall require an additional certificate of deposit or an irrevocable letter of credit equal to the insufficiency, as deemed appropriate by the commissioner. Failure to post the additional bond or certificate of deposit or an irrevocable letter of credit constitutes grounds for suspension or revocation of a license issued under this section.

(5) The bond or additional bond shall be made payable to the Commonwealth of Kentucky, with the commissioner as trustee, and shall be conditioned on the grain dealer's faithful performance of his duties as a grain dealer and his compliance with this section. It shall be for the use and benefit of any producer from whom the grain dealer may purchase grain and who is not paid by the grain dealer, and shall not be cancelled, except upon at least sixty (60) days' notice in writing to the department. In no event shall the total aggregate liability of a surety exceed the face amount of its bond.

(6) Any grain dealer who is of the opinion that his net worth and assets are sufficient to guarantee payment to producers for grain purchased by him may request the commissioner to be relieved of the obligation of filing a bond in excess of the minimum bond of twenty-five thousand dollars ($25,000). Such request shall be accompanied by a financial statement of the applicant made within five (5) months of the date of such request, certified by a licensed public accountant, and such additional information concerning the applicant and his finances as the department may require. If such financial statement discloses a net worth of an amount equal to at least three (3) times the amount of the bond required by this section and the commissioner is otherwise satisfied as to the financial ability and resources of the applicant, the commissioner may waive that portion of the required bond in excess of twenty-five thousand dollars ($25,000). However, in the case of a grain dealer whose net worth is not equal to three (3) times the amount of bond required, the commissioner may allow the grain dealer to waive, in one thousand dollar ($1,000) increments, a portion of the bond required in excess of twenty-five thousand dollars ($25,000). The percentage factor to be applied to the bond required in excess of twenty-five thousand dollars ($25,000) shall be determined by dividing actual net worth by the net worth required to waive all bond in excess of twenty-five thousand dollars ($25,000). If the result of this computation provides a percentage factor of eighty percent (80%) or greater, then that same percentage of the bond in excess of twenty-five thousand dollars ($25,000) may be waived. The grain dealer shall then provide to the department a surety bond in the amount of twenty-five thousand dollars ($25,000) plus any additional bond required in excess thereof.

(7) Any grain dealer who purchases grain from producers only in connection with or as an incident to some other business and whose total purchases of grain from producers during any fiscal year do not exceed an aggregate dollar amount of *two hundred fifty* [~~one hundred~~] thousand dollars *($250,000)* [~~($100,000)~~] may satisfy the bonding requirements of this section by filing with the department a bond, certificate of deposit or an irrevocable letter of credit at the rate of one thousand dollars ($1,000) for each ten thousand dollars ($10,000) or fraction thereof of the dollar amount to be purchased with a minimum bond, certificate of deposit or an irrevocable letter of credit of one thousand dollars ($1,000), and a current financial statement.

(8) Failure of a grain dealer to file a bond, certificate of deposit or an irrevocable letter of credit and to keep the bond, certificate of deposit or an irrevocable letter of credit in force or to maintain assets adequate to assure payment to producers for grain purchased from them shall be grounds for the suspension or revocation of a license issued under this section.

(9) When the commissioner has determined that a grain dealer has defaulted payment to producers for grain which he has purchased from them, the commissioner shall determine, through appropriate legal procedures, the producers and the amount of defaulted payment, and, as trustee of the bond, shall immediately after the determination call for the dealer's surety bond or bonds to be paid to him for distribution to those producers who should receive the benefits. Should the defaulted amount owed producers be less than the principal amount of the bond or bonds then the surety shall be obligated to pay only the amount of the default.

(10) Any grain dealer who is also in the business of storing grain and is a warehouseman as defined

in KRS 251.610 may be exempted from the licensing fee and bonding requirements of KRS 251.451 as long as his storage capacity and storage obligations are considered in formulating his grain dealer bond requirement.

The Committee Amendment No. 1 to **HB 853** is as follows:

Amend printed copy of **HB 853** on page 5, line 13, by adding after "a" the word "*grain*" and placing a bracket before and after the word "feed" and striking through the word "feed"; and

On page 11, line 4, after "(7)", insert "*An incidental*" and bracket and strikethrough "Any"; and

On page 11, lines 4 through 6, on line 4 place a bracket "[" before "who" and on line 6 place a bracket "]" after "and" and strikethrough the intervening words.

The Committee on Cities reported **HB 756** with Committee Amendment attached thereto, **HB 838**, **HB 1011**, **HJR 123** and **SB 154** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 756. AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 78.530 is amended to read as follows:

(1) Each county and school board as defined in KRS 78.510 will participate in the system by appropriate order authorizing such participation which has been entered and duly recorded in the records of the governing body of the county or school board. The authority to issue and properly record such order of participation being hereby granted, permits such county to participate in the system. The effective date of such participation shall be fixed in the order.

(2) Once a county or school board participates it shall thereafter continue to participate except as provided in KRS 78.535.

(3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employe electing coverage, at the time the county elected to participate in the system as provided under KRS 78.540(2) current service credit for employment in regular full-time positions between July 1, 1958 and the participation date of the county. *The county which elects alternate participation may purchase all or part of the current service credit between July 1, 1958, and its participation date, but no less than five (5) years of current service credit for each eligible employe.* Cost of such service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of such actuarial service shall be paid by the county;

(b) The county shall establish a payment schedule subject to approval by the board for payment of the cost of such service over and above that which would be funded within the existing employer contribution rate. The maximum period allowed in a payment schedule shall be thirty (30) years, with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period; and

(c) A city entering the system under the alternate participation plan, may, by ordinance, levy a special property tax to pay for current service credit purchased for the period between July 1, 1958 and the participation date of the city. The special tax shall be to pay, within a period of no more than fifteen (15) years, for the cost of such service credit over that which would be funded within the existing employer contribution rate, as determined by the board's consulting actuary. The reason for levying the special tax and the disposition of the proceeds shall be part of the ordinance levying the tax. The special tax shall be rescinded when the unfunded prior service liability has been amortized, and shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect the special property tax if its participation has been terminated pursuant to KRS 78.535.

(4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no

later than July 1, 1976.

(5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system, hospitals and any other semi-independent agency. Each such excluded agency shall be identified in the order authorizing participation and such excluded agency may participate in the system as a separate agency.

(6) An agency whose participation in the county employes retirement system has been terminated by the board of trustees in accordance with KRS 78.535 may at a later date request participation in the retirement system by the adoption of an appropriate order as authorized by subsection (1) of this section. The board may accept the participation of such agency provided it is determined that such participation is in the best interest of the agency, the employes thereof and the county employes retirement system.

(7) After July 1, 1985, local government retirement systems created pursuant to KRS 79.080, 90.400, 90.410, 95.768 and 96.180 shall be closed to new members. New employes who would have been granted membership in such retirement systems shall instead be granted membership in the county employes retirement system. Employes who would have been granted membership in retirement systems created pursuant to KRS 95.768, or any other policemen or fire fighters who would have been granted membership in retirement systems created pursuant to KRS 79.080, 90.400 or 90.410 shall be certified by their employers as working in hazardous positions. Each city participating in the county employes retirement system pursuant to this subsection shall execute the appropriate order authorizing such participation, shall, if its local pension system provides a defined benefit, select the alternate participation plan as described in subsection (3) of this section, and shall pay for the actuarial services necessary to determine the additional costs of alternate participation. Cities which provide a defined contribution pension plan locally may select the alternate participation plan, and in that case shall pay for the actuarial services necessary to determine the additional costs of alternate participation.

Section 2. KRS 78.531 is amended to read as follows:

(1) Any member of a retirement system created pursuant to KRS 67A.320, 67A.340, 79.080, 90.310 to 90.420, 95.290, 95.520 to 95.620, 95.621 to 95.629, 95.767 to 95.784, 95.852 to 95.884 and 96.180, notwithstanding any provisions of the statutes to the contrary, may elect to terminate coverage under the retirement system in which he is a member, if the city or urban-county government has adopted the provisions of the county employes retirement system pursuant to KRS 78.520 to 78.852.

(2) If the city or urban-county government elects the alternate participation plan, as set forth in KRS 78.530(3), employe contributions made to the fund under authority of KRS 67A.320, 67A.340, 79.080, 90.400(1), 90.410, 95.290, 95.520 to 95.620, 95.621 to 95.629, 95.767 to 95.785, 95.852 to 95.884 or 96.180 shall be paid to the county employes retirement system and credited to the individual member's account in the system for any employe electing to terminate coverage under the provisions of this section. Proper credit for these employe contributions shall be given to the city or urban-county government in computing the cost of participation under the alternate participation plan as provided by KRS 78.530(3).

(3) If the city or urban-county government does not elect the alternate participation plan as set forth in KRS 78.530(3), the employe contributions paid into the fund under authority of KRS 67A.320, 67A.340, 79.080, 90.400(1), 90.410, 95.290, 95.520 to 95.620, 95.621 to 95.629, 95.767 to 95.785, 95.852 to 95.884 or 96.180 by each employe electing to terminate coverage under the provisions of this section shall be refunded to the employe with interest as specified in the applicable statute, unless the employe has a vested account in which case he may elect to leave his contributions in the fund in order to later receive a pension when he becomes eligible. *If the city or urban county elects to purchase only part of the current service credit for its employes, it shall refund employe contributions for those years of service credit it does not purchase, with interest as specified in the applicable statute. The employe who is refunded his contributions may elect to purchase current service credit for employment in regular full-time positions between July 1, 1958, and the participation date of the county. The employe may purchase all or part of the service credit, but partial purchases shall be in whole year increments and for not less than one (1) year. Current service credit purchased by the employer and employe shall not exceed the employes actual service credit.*

Section 3. KRS 61.552 is amended to read as follows:

(1) Any employe of a department participating in the Kentucky employes retirement system, or any employe of an agency participating in the county employes retirement system, or any member of the state

police retirement system, or any active contributing member of the teachers' retirement system or a contributing member of the judicial retirement plan or legislators' retirement plan or an employe of a parted employer whose employment has previously been terminated and who has been refunded his accumulated contributions, thereby losing service credit, may regain such credit by paying to the system from which he received the refund or refunds the amount or amounts refunded with interest at a rate determined by the board of the respective retirement system provided, however, the provisions of KRS 161.470 must be met in order to regain such credit in the teachers' retirement system and provided further that KRS 21.460 shall govern with respect to regaining credit in the judicial retirement plan or legislators' retirement plan. Such payment including interest as determined by the board shall be deposited to the member's contribution account and considered as accumulated contributions of the individual member. Such payments shall not be picked up, as described in KRS 61.560(4), by the employer.

There shall be no exceptions to the maximum class size for combined classes.

(4)[~~(5)~~] If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(5)[~~(6)~~] Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(6)[~~(7)~~] Allotments of classroom units except those allotted in accordance with subsection *(7)*[~~(8)~~] of this section, shall be increased when the average daily attendance in kindergarten and grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in kindergarten and grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(7)[~~(8)~~] If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection *(6)*[~~(7)~~] of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(8)[~~(9)~~] (a) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(b) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the office of vocational education in the department of education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(c) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include: a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the state department of education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the state superintendent of public instruction a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the state department of education to determine that the summer plan has been properly executed.

(9)[~~(10)~~] (a) [~~Through the 1987-88 school year,~~] One (1) classroom unit shall be included *for* [~~upon the employment of~~] each teacher approved to teach exceptional children in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor;

(b) *Classroom units allotted in paragraph (a) of this subsection may include cooperative classroom units for exceptional children. Cooperative classroom units shall be allotted to serve pupils from two (2) or more school districts. The districts having students enrolled in the cooperative classroom shall have contractual arrangements regarding average daily attendance, and financial and program responsibilities. One (1) of the school districts shall serve as the district of record. The district of record shall employ the teacher and receive the classroom unit allotted for the cooperative classroom;*

(c) Effective with the 1988-89 school year and each year thereafter, one (1) classroom unit for exceptional children properly identified in the prior year in accordance with the provisions of law and Kentucky administrative regulations of the state board of education shall be allotted for each six (6) children identified

as emotionally disturbed, hearing impaired, trainable mentally handicapped, or severely and profoundly mentally handicapped, each sixty (60) children identified as having communication disorders of speech and language but not counted in any other area of exceptionality, and each twelve (12) additional exceptional children in all other categories referenced in KRS 157.200. Portions of units shall be allotted by tenths of units when the number of children do not total the required number for a whole unit. Calculations for units for exceptional children shall not be based on average daily attendance. A local school district may organize and administer classroom units to best meet the needs of its exceptional children pursuant to KRS 157.224(2). The superintendent of public instruction shall enforce minimum and maximum class sizes as provided in administrative regulations. No local school district shall receive classroom units for exceptional children for more than fifteen percent (15%) of their prior year's average daily attendance for the 1988-89 school year and for more than twelve percent (12%) of their prior year's average daily attendance for the 1989-90 school year and each year thereafter without state board of education approval based on unique or unusual district characteristics including but not limited to federal census population being substantially higher than the district's student enrollment; *and*

(d)[~~(c) In addition to the classroom units allotted in paragraphs (a) and (b) of this subsection,~~] If a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390, a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for one hundred eighty-five (185) days plus the current expense [~~and capital outlay~~] allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit[~~; and~~

~~(d) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above-cited program to those funds appropriated for this purpose in each biennial budget.~~

~~(11) (a) In allotting classroom units for home and hospital instruction, one (1) unit excluding the capital outlay allotment, shall be allotted for each ten (10) children in average daily attendance in the current school year who have been properly identified according to state board of education regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education; and~~

~~(b) Pursuant to regulations of the department of education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by regulation to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, a reasonable allotment for travel expenses to and from instructional assignments, but such formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education~~].

(10)[~~(12)~~] Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), *(8)*[~~(9)~~], and *(9)*[~~(10)~~] of this section shall be divided by nine (9) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(11)[~~(13)~~] In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), *(8)*[~~(9)~~] and *(9)*[~~(10)~~] of this section; one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(12)[~~(14)~~] Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred sixty-five and nine-tenths (165.9) classroom units under subsection (2) of this section and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2) of this secton. For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(13)[~~(15)~~] In allotting classroom units for superintendent, one (1) unit shall be allotted each school district.

(14)[~~(16)~~] In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

(15)[~~(17)~~] Effective with the 1988-89 school year and each year thereafter, in allotting classroom units for related services for exceptional children, one (1) classroom unit shall be allotted for each five hundred (500) exceptional children properly identified in the prior year in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. Classroom units for related services for exceptional children shall be used for approved certified or licensed personnel to provide the support services required to assist exceptional children to benefit from special education. Units may be used for special education directors or supervisors certified in special education and personnel to conduct the related services defined in KRS 157.200(4). Units shall be allotted proportionately and districts may provide related services through joint agreements. Nothing in this subsection shall prohibit a district from using units generated in subsections *(10)* [~~(12)~~] and *(11)* [~~(13)~~] of this section for related services for exceptional children.

Section 2. KRS 157.390 is amended to read as follows:

(1) (a) The superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers in rank as follows:

Rank I. Those holding regular certificates and who have a master's degree in a subject field approved by the state board of education or equivalent preparation and who have earned thirty (30) semester hours of approved graduate work or its equivalent, and those teachers who, as of September 1, 1962, were included in Rank I, having earned twenty-four (24) semester hours of additional approved graduate work.

Rank II. Those holding regular certificates and who have a master's degree in a subject field approved by the state board of education or equivalent preparation.

Rank III. Those holding regular certificates and who have an approved four-year college degree or the equivalent.

Rank IV. Those holding certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent; provided, however, that persons holding emergency certificates shall not be classified higher than this rank for calculation of the amount to be included in the foundation program.

Rank V. Those holding certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(b) In determining ranks, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The superintendent of public instruction, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(c) Nothing in this subsection shall allow the state board of education by regulation to reclassify downward any teachers currently in Ranks I or II.

(2) [~~(a)~~] The superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers in each rank by their years of experience for purposes of the state teacher salary schedule as follows:

[~~1. Zero to three (3) years;~~

~~2. Four (4) to nine (9) years;~~

~~3. Ten (10) to fourteen (14) years; and~~

4. Fifteen (15) to nineteen (19) years; and

5. Twenty (20) or more years.

(3) (a) The state salary schedule shall be amended to increase the base pay five percent (5%) in *1988-89* [~~1986-87~~] and an additional five percent (5%) in *1989-90* [~~1987-88~~];

(b) [~~In addition, in 1986-87 the category with ten (10) to fourteen (14) years of experience shall also receive a three hundred dollar ($300) increase in base pay and the category with fifteen (15) or more years of experience shall receive a seven hundred ($700) increase in base pay; and~~

~~(c) In 1987-88~~] The category with ten (10) to fourteen (14) years of experience shall receive [~~an additional~~] five hundred dollars ($500) *more than the preceding experience category* in base pay, the category with fifteen (15) to nineteen (19) years of experience shall receive [~~an additional increase of~~] nine hundred dollars ($900) *more than the preceding experience category* in base pay, and the category with twenty (20) or more years of experience shall receive [~~an additional increase of~~] one thousand three hundred dollars ($1,300) *more than the preceding experience category* in base pay.

(4) The amount to be included in each school year in the foundation program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days. Provided, the amount to be included for units allotted under KRS 157.360*(8)*[~~(9)~~], *(10)*, (11), (12), (13) and *(15)* [~~(14)~~] shall be increased proportionately if the personnel for such units are employed for longer than the regular school term and such employment is approved by the superintendent of public instruction under Kentucky administrative regulations of the state board. Where the actual number of teachers employed by the district varies from the number allowed under the provisions of KRS 157.310 to 157.440, the number to be included in each rank shall be in the same ratio that the number of teachers actually in each rank is to the total number of teachers employed.

(4)[~~(5)~~] The amount to be included in the foundation program for other current expenses shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(5)[~~(6)~~] The amount to be included in the foundation program for capital outlay shall be determined by multiplying the number of classroom units except those allotted pursuant to KRS 157.360*(2)(e)* [~~(10)(c) and (d)~~] by the amounts set forth in the biennial budget.

(6)[~~(7)~~] The amount to be included in the foundation program of each district for transportation shall be determined by multiplying the aggregate attendance of transported children by the allowable cost per pupil per day for that district determined in accordance with the provisions of KRS 157.370.

(7)[~~(8)~~] The total amount of money distributable to each district from the public school foundation program fund shall be the sum of the allotments in subsections *(3)*, (4), (5) *and* [~~,~~] (6) [~~and (7)~~] of this section, *and shall include the allotment for kindergarten teacher aide under KRS 157.360(2)(a) and the allotment under KRS 157.360(9)(c).*

For each school year the finance and administration cabinet, on the certification of the superintendent of public instruction, shall draw warrants as specified hereinafter on the state treasurer for the amount of the public school foundation program fund due each district. Checks shall be issued by the state treasurer and transmitted to the department of education for distribution to the proper officials of the several school districts when the districts have fully complied with the school laws and Kentucky administrative regulations of the state board of education. The superintendent of public instruction shall determine on or before August 15 of each year the tentative allotment of school funds to which each district is entitled under the provisions of KRS 157.310 to 157.440. On July 1, August 1, and September 1, of each fiscal year, one-twelfth (1/12) of the prior year's allotment minus the capital outlay shall be paid each school district. On the first of each month thereafter until the final calculation is completed, one-twelfth (1/12) of each district's share of the tentative calculation for instructional salaries, current expenses, and transportation of the public common school foundation program fund shall be distributed. On or before May 1 of each year the superintendent of public instruction shall determine the exact amount of the public common school foundation program fund to which each district is entitled[~~, except those funds allotted pursuant to KRS 157.360(10)(c) and (d)~~] and the remainder of the amount due each district for the year shall be distributed in equal installments beginning the first month after completion of final calculation and for each successive month thereafter. Capital outlay shall be made in two (2) payments. The first, on or before *August* [~~October~~] 1, shall be one-half (1/2) of the *prior year's capital outlay allotment* [~~amount calculated on the tentative allocation for capital outlay~~]. The balance due *for the current school year* shall be paid on or before May 1.

Section 4. KRS 157.564 is amended to read as follows:

(1) Notwithstanding any statutory provisions to the contrary[~~, effective for school years beginning on or after July 1, 1986,~~] the board of education of each school district shall levy for general school purposes *an ad valorem* [~~a minimum equivalent~~] tax rate of *fifteen* [~~twenty-five~~] cents *(15)*[~~(25)~~] or the maximum rate supported by the common school district power equalization program in that or the next subsequent school year as provided for in KRS 157.555 and 157.560, whichever is greater. [~~Equivalent tax rate is defined as the rate which results when the income collected during the prior year from all taxes levied by the district for school purposes is divided by the total assessed value of property plus the assessment for motor vehicles certified by the Commonwealth of Kentucky revenue cabinet.~~]

(2) No school district shall be eligible for the state power equalization support provided for in KRS 157.545 to 157.575 [~~in excess of the state power equalization support received by that school district for the school year beginning on July 1, 1985,~~] during any school year in which the board of education of such school district fails to levy the [~~minimum equivalent~~] tax rate *required in subsection (1) of this section* [~~of twenty-five cents (25)~~].

Section 5. KRS 132.487 is amended to read as follows:

(1) The cabinet shall develop and administer a centralized ad valorem tax system for all motor vehicles as defined in KRS 186.010. This system shall be designed to allow the collection of state, county, city, urban-county government, school, and special taxing district ad valorem taxes due on each motor vehicle at the time of registration of the motor vehicle by the party charged with issuing such registration. The cabinet shall supervise and instruct the property valuation administrators and other officials with respect to their duties in relation to this system.

(2) Except as otherwise provided by law, the tax rate levied by the state, counties, schools, cities, and special tax districts on motor vehicles shall not exceed the rate that could have been levied on motor vehicles by the district on the January 1, 1983 assessments*; except as follows:*

(a) If a school district board of education must increase the general fund ad valorem tax rate above the maximum that could have been levied on the 1983 assessment to comply with KRS 157.564, the rate required under KRS 157.564 shall apply to motor vehicles;

(b) If a school district had a special voted tax levied under KRS 157.440 or 160.477 on January 1, 1983, and the special voted tax expires, the motor vehicle rate may be reduced in an amount equivalent to the expired special voted tax;

(c) A school district levying a special voted tax after January 1, 1983, under KRS 157.440 or 160.477

shall levy the voted tax rate on motor vehicles.

All counties, schools, cities, and special taxing districts proposing to levy an ad valorem tax on motor vehicles shall submit to the cabinet on or before October 1 of the year preceding the assessment date, the tax rate to be levied against valuations as of that assessment date.

(3) The compensating tax rate and maximum possible tax rate allowable for counties, schools, cities, and special taxing districts on property other than motor vehicles for the 1984 and subsequent tax periods shall be calculated excluding all valuations of and tax revenues from motor vehicles from the base amounts used in arriving at these general rates.

(4) The transportation cabinet shall provide access to all records of motor vehicle registrations to the cabinet and the property valuation administrators as necessary to prepare and maintain a complete tax roll of motor vehicles throughout each year.

(5) The property valuation administrator shall, subject to the direction, instruction, and supervision of the cabinet, have responsibility for assessing all motor vehicles other than those assessed under KRS Chapter 136 as part of public service companies. The cabinet may provide standard valuation guidelines for use in valuation of motor vehicles.

(6) The property valuation administrator shall provide to the cabinet by December 1 of each year a recapitulation of motor vehicles to be assessed as of January 1 of the next year.

(7) Procedures for protest, appeal, and correction of erroneous assessments shall be the same for motor vehicles as for other properties subject to ad valorem taxes.

Section 6. KRS 160.470 is amended to read as follows:

(1) Each district board of education shall prepare a general school budget on forms prescribed and furnished by the state board of education, showing the amount of money needed for current expenses, debt service, capital outlay, and other necessary expenses of the schools during the succeeding fiscal year, the estimated total amount that will be received from the common school fund and other sources, the assessed valuation of property subject to local taxation in the school district furnished as provided in subsection (3) of KRS 160.460, an estimate made by the department of revenue of public service company assessments and assessments of other property in the school district not furnished under the provisions of subsection (3) of KRS 160.460, and the amount that will be needed to be raised by local taxation, including the rate of levy necessary to raise such an amount.

(2) (a) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate for 1979-80 which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the maximum general tax rate, voted general tax rate, or voted building tax rate, respectively, that could have been levied in 1978-79, to the 1978-79 assessment, except as provided in [~~subsection (1) of~~] KRS 157.564 *or 157.575.* In succeeding years, no district board of education shall levy a general tax rate, a voted general tax rate, or a voted building tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year to the preceding year's assessment, except as provided in [~~subsection (1) of~~] KRS 157.564 *or 157.575.*

(b) In the event that an election is held as provided for in KRS 132.017 and the question should fail, such failure shall not reduce the ". . .general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year. . .," referred to in subsection (2)(a) of this section, for purposes of computing the general tax rate, voted general tax rate, or voted building tax rate for succeeding years.

In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building

tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in [~~subsection (1) of~~] KRS 157.564 *or 157.575*, until the district board of education has complied with the provisions of subsection (10) of this section.

(4) The superintendent of public instruction shall certify to each district board of education, by June 30 of each year, the following:

(a) The general tax rate, voted general tax rate, or voted building tax rate that a district board of education could levy under the provisions of subsection (2) of this section, and the amount of revenue expected to be produced by each;

(b) The compensating tax rate as defined in KRS 132.010 for a district's general tax rate, voted general tax rate, or voted building tax rate, and the amount of revenue expected to be produced by each;

(c) The general tax rate, voted general tax rate, or voted building tax rate which will produce, respectively, no more revenue from real property, exclusive of revenue from new property, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, and the amount of revenue expected to be produced by each.

(5) Upon completion of action on property assessment data the department of revenue shall submit to the superintendent of public instruction, certified property assessment data as required in KRS 133.125.

(6) Within thirty (30) days after the district board of education has received its assessment data, three (3) copies of the budget shall be forwarded to the state board of education for its approval or disapproval. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

(7) The budget shall be disapproved by the state board of education if it is financially unsound or fails to provide for:

(a) Payment of maturing principal of and interest on any outstanding voted school improvement bonds of the school district authorized and issued pursuant to KRS 162.080 and 162.090, with the written approval of the state board of education, or

(b) Payment of rentals in connection with any outstanding school building revenue bonds issued for the benefit of the independent school district or county school district, as the case may be, by the appropriate city or county as authorized and provided under the provisions of KRS 162.120 to 162.300 and KRS 58.010 to 58.140, with the written approval of the state board of education, or fails to comply with the law; and the state board of education shall state its reason, or reasons, for such disapproval.

In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval and resubmit the budget to the state board of education for its final approval.

(8) If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective and no ad valorem levy shall be made until approved by the state board of education.

(9) Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

(10) (a) A district board of education proposing to levy a general tax rate, voted general tax rate, or voted building tax rate within the limits of subsection (2) of this section which exceed the compensating tax rate defined in KRS 132.010, shall hold a public hearing to hear comments from the public regarding the proposed tax rate. The hearing shall be held in the principal office of the taxing district, or, in the event the taxing district has no office, or the office is not suitable for such a hearing, the hearing shall be held in a suitable facility as near as possible to the geographic center of the district.

(b) The district board of education shall advertise the hearing by causing to be published at least twice in two (2) consecutive weeks, in the newspaper of largest circulation in the county, a display type advertisement of not less than twelve (12) column inches, the following:

7. The purpose of the hearing; and

8. A statement to the effect that the general assembly has required publication of the advertisement and the information contained herein.

(c) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for such testimony.

(11) (a) That portion of a general tax rate, a voted general tax rate, or a voted building tax rate, except as provided in [~~subsection (1) of~~] KRS 157.564 *or 157.575*, levied by an action of a district board of education which will produce, respectively, revenue from real property, exclusive of revenue from new property, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, shall be subject to a recall vote or reconsideration by the district board of education, such as the case may be, as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

HJR 129, A JOINT RESOLUTION directing the department of education to develop and implement a pilot program to determine the actual cost per pupil of programs funded through the foundation program and making an appropriation and declaring an emergency therefor.

WHEREAS, the foundation program is designed to provide for the equitable distributing of funds to local school districts so that school children throughout the Commonwealth receive equal education opportunities; and

WHEREAS, funds are appropriated and allotted under the foundation program on the basis of classroom units such that the specific needs of pupils are not necessarily addressed; and

WHEREAS, the present method of financial reporting employed uniformly among school districts does not reflect the costs of specific programs; and

WHEREAS, the present method of pupil attendance accounting does not report the number of pupils in each classroom; and

WHEREAS, the general assembly needs to know the actual costs per pupil of programs in order to appropriate funds to meet the specific needs of pupils in the Commonwealth;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That it is the intention of the general assembly to determine the actual costs per pupil of programs funded through the foundation program for the purpose of providing information which will enable the general assembly to appropriate funds for distribution to school districts on the basis of a weighted pupil unit or weighted classroom unit. It is the further intention of the general assembly that unit costs be determined by the department of education through pilot programs in school districts which shall institute financial and pupil accounting procedures determined to be necessary to provide pertinent information. Pilot programs shall be in operation during the 1988-89 and 1989-90 school years. Data collected shall be used to establish an accurate method of weighting pupil or classroom units for allotting foundation program funds to school districts. Financial and pupil accounting procedures developed through the pilot programs, if shown to provide the general assembly with data needed to allot funds on a more equitable basis, shall be incorporated into general use in all public school districts in the Commonwealth as soon as is feasible.

Section 2. By July 1, 1988, the superintendent of public instruction shall select not less than ten (10) school districts to serve as pilot sites. Participation shall be voluntary. Pilot districts selected shall be broadly representative of districts in the Commonwealth considering such factors as enrollment, type of political subdivisions, wealth per pupil, tax rate levies and number of vocational and exceptional units in operation.

Section 3. Financial and pupil accounting data collected shall include but not be limited to the following program areas: kindergarten, primary grades, middle grades, high school grades, vocational, and exceptional.

Section 4. A pilot program advisory committee shall be appointed in accordance with the following:

(1) The committee shall be composed of fifteen (15) members, one (1) member each from the Kentucky association of school administrators, the Kentucky school boards association, and the Kentucky education

association appointed by their respective organizations; eight (8) members from participating pilot school districts and two (2) members from school districts not participating as pilot school districts appointed by the state superintendent of public instruction; and two (2) members of the general assembly from the interim joint committee on education to be appointed by the legislative research commission. Members shall be appointed by July 1, 1988. The committee shall function until June 30, 1990. Vacancies occurring on the committee shall be filled immediately in the manner of original appointment.

(2) The committee shall elect a chairman from its membership at the first meeting.

(3) The state superintendent of public instruction shall make periodic reports to the state board of education and shall designate a staff member of the department of education as executive secretary of the committee.

(4) The functions of the committee shall be to advise the state superintendent of public instruction in the development and implementation of the procedures to be used in the pilot school districts and to approve periodic progress reports and a final report which shall contain a financial report and which shall be submitted to the legislative research commission by June 30, 1990.

(5) The members of the committee shall be reimbursed for actual and necessary expenses incurred while attending meetings of the advisory committee or while serving as representative of the committee.

(6) The committee shall meet at least three (3) times each year at such times and places as it determines by resolution.

Section 5. The department of education shall assume the following functions in developing and implementing the pilot program:

(1) The department, with assistance from the pilot program advisory committee, shall develop or cause to be developed in the 1988-89 and 1989-90 school years a pilot program to determine actual costs per pupil of programs funded through the foundation program.

(2) The department shall provide staff assistance to the advisory committee.

(3) The department shall provide technical assistance and in-service training for appropriate staff members of pilot school districts.

(4) The department shall administer the funds appropriated for the implementation of the pilot program and such funds may be expended for the following:

(a) Establish contractual relationships with individuals and agencies located within or without the Commonwealth for the purpose of developing and implementing procedures to determine costs per pupil.

(b) Employ personnel in the department as needed and reimburse pilot school districts for direct costs incurred as a result of participating in the pilot program.

(c) Pay expenses for department of education personnel employed under (b) of this subsection.

(d) Pay expenses for school district personnel to attend in-service training meetings provided in subsection (3) of this section.

(e) Pay expenses of advisory committee members.

(f) Purchase forms and pay other necessary expenses in the development and implementation of the pilot program.

Section 6. To carry out the provisions of this resolution, there is appropriated from the general fund to the department of education the sum of $5,000 for fiscal year 1987-88 and $125,000 for fiscal year 1988-89, which sum shall not lapse but shall be carried forward to the next fiscal year and $150,000 for fiscal year 1989-90.

Section 7. Whereas, in order for pilot programs to operate two full fiscal years thereby providing the most accurate cost data possible, lead time is needed to select pilot school districts and to find qualified personnel; therefore, an emergency is declared to exist and this resolution shall become effective upon its passage and approval by the governor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 21 IS CREATED TO READ AS FOLLOWS:

(1) In a situation in which, by reason of federal tax law, the failure to commence the payment of retirement benefits to a vested member of the Kentucky judicial retirement plan, by a specified date after the member reaches a specified age, as designated by the federal tax law, will result in the imposition of a special excise tax, the member, without retiring, shall be entitled, as of the specified date, to commence drawing from the plan the monthly benefit he would have been entitled to had he retired on that date. Notwithstanding the provisions of KRS 21.360 and 61.680, the member, at his option, may continue to be a participating member of the plan thereafter until he retires, or, may elect to cease to be a participating member of the plan, in which latter event he shall not be required to become a participating member of the Kentucky employes retirement system.

(2) A member drawing benefits from the Kentucky judicial retirement plan pursuant to subsection (1) of this section who elects to continue as a participating member of the plan, or a person drawing benefits from the plan by reason of having retired, who by reason of reemployment again becomes a participating member of the plan, shall continue to draw the benefits until he retires, and accrue additional benefits, but in the calculation of the additional benefits only the years of service after he commenced drawing the initial benefits shall be counted, and the monthly additional benefit shall not exceed such amount as, when added to the initial monthly benefit, will equal the final compensation on which the additional benefit was calculated. The member's surviving spouse, if married to the member at the time of his ultimate retirement, shall be considered to be the surviving spouse with respect to both the additional and the initial benefits.

SECTION 2. A NEW SECTION OF KRS CHAPTER 21 IS CREATED TO READ AS FOLLOWS:

If the taking of a refund of contributions by a member of the Kentucky judicial retirement plan, when first entitled thereto, would subject the member to a federal excise tax, by reason of the refund's being made before the member has reached an age designated by the federal taxing act, and the member has elected, pursuant to KRS 21.460, to defer taking a refund, so much of the contributions as would have been subject to the excise tax shall accrue interest at the rate of six percent (6%) per annum, from the date the member first could have taken a refund until the date the refund is taken or the date as of which the federal excise tax no longer would apply to a refund, whichever is sooner, the interest to be paid by the plan at the time of the refund.

Section 3. KRS 21.345 is amended to read as follows:

(1) For the purposes of KRS 21.350 to 21.510, "retirement" means a voluntary resignation or a failure of re-election, but does not include a removal for cause.

(3) For the purposes of KRS 21.345 to 21.510, a "year" of service means a total of twelve (12) months of service, which need not be in the same calendar year. (2) The normal contribution rate shall be determined *either* by the entry age normal cost funding method *or the unit credit actuarial method, as selected by the board.* The past service liability shall be determined by actuarial methods consistent with the methods prescribed for determining the normal contribution rate. *The board shall adopt the actuarial assumptions that are to be used in making the determinations.* [~~Normal contributions and the past service liability contribution shall be determined on actuarial bases adopted by the board.~~]

(3) Normal contributions and the past service *liability* contribution *for each fiscal biennium* [~~rates~~] shall be determined [~~by the board~~] on the basis of the actuarial valuation last preceding the *commencement of the* [~~July 1 of a new~~] biennium.

A member of the legislators' retirement plan may retire at the completion of thirty (30) or more years of combined service credit, so long as at least fifteen (15) years of such credit were earned after January 1, 1960, and there shall be no reduction in the retirement allowance because of retirement before the age of sixty-five (65). For the purposes of this section, any reference in the KRS sections listed above, to the judicial retirement plan shall also be read as a reference to the legislators' retirement plan, and any reference to the legislators' retirement plan shall also be read as a reference to the judicial retirement plan.

For recipients, or dependents, eligible for medicare coverage, the board shall provide medicare supplement hospital and medical insurance coverage. For recipients, or dependents, not eligible for medicare coverage, the board shall provide hospital and medical insurance coverage comparable to that provided under the major state employes group insurance and the board may arrange for the recipients to be included in the major state employes group.

(b) For the purpose of this section, the "dependent" of a recipient means the spouse or minor children, or both, of a recipient who is a living former member of the judicial retirement plan, or the minor children of a deceased former member whose surviving spouse is the recipient.

(2) Depending upon the number of months of service credit upon which the retirement allowance was based, and upon there having been at least forty-eight (48) months of judicial service, all or a portion of the premium required to provide hospital and medical benefits under this section shall be paid from the judicial retirement fund, as follows:

Months of Judicial Service	*Percentage of Premium*
240 or more	*100%*
180 to 239, inclusive	*75%*
120 to 179, inclusive	*50%*
48 to 119, inclusive	*25%*

The foregoing payments shall be made by the fund only if the recipient agrees to pay the remaining, if any, percentage of the premium by deduction from his retirement allowance or by another method equally insuring the payment by him.

(3) Premiums paid for hospital and medical insurance procured under this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the judicial retirement fund shall not constitute income to the recipient. No commission shall be paid for hospital and medical insurance procured under this section.

Section 7. KRS 21.400 is amended to read as follows:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to two and seventy-five hundredths percent (2.75%) of his final compensation multiplied by the number of years of his service, but in no event

to exceed one hundred percent (100%) of final compensation, except that for any service performed while a member prior to July 1, 1978, any service prior to July 1, 1962 creditable under KRS 21.345, and any service performed in continued membership (or allowable under KRS 21.410 or 21.420) after June 30, 1978, by a person who was a member on that date, the monthly percentage figure shall be five percent (5%) of his final compensation multiplied by the number of years of his service, and except that for any service performed by a member who elected membership at an annual accrual rate of four and fifteen one hundredths percent (4.15%) and for any service performed in continued membership thereafter (or allowable under KRS 21.410 through 21.420), the benefit, payable monthly during his lifetime shall be an amount equal to four and fifteen one hundredths percent (4.15%) of his final compensation multiplied by the number of years of his service, and except that allowances heretofore granted, and rights related thereto, shall not be affected by the 1978 or 1980 amendments to this section. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a circuit judge, compensation received as special commissioner of the former Court of Appeals. If, at the time of retirement or death of a member his total period of service in one or more positions covered by the system has not amounted to sixty (60) months, his "final compensation" shall be computed as if he had served in the first position he occupied under the system for such period of time as to bring his total service (in all positions) to sixty (60) months. If that category of position was not in existence for that period, it shall be treated as though it had been in existence for that period and as if the compensation paid for the presumed period of existence was at the rate provided for the category when it in fact first was created.

(2) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section, on the basis of the number of years of his actual service.

(3) In lieu of the right provided for in subsection (2) of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection (2) of this section when he reached his normal retirement age, reduced *at the rate of five percent (5%) for each year by which* [~~actuarially in accordance with~~] his actual age at the time the election is made *is lower than the normal retirement age.*

(17) All notices from the board shall be in writing. Notices shall be written so as to be understood by non-attorneys.

(18) (a) The appealing employe and the appointing authority whose action is reviewed shall have the right to be heard publicly and to be represented by counsel to present evidentiary facts;

(b) Except as provided herein, an appeal shall be decided by the board only after a hearing. The board shall not deny, reject or sustain an appeal, or make any other determination relating to an appeal, except after a hearing is conducted pursuant to the provisions of this section;

(c) The board may deny a hearing to an employe who has failed to file an appeal within the time prescribed by this section; and to an unclassified employe who has failed to state the cause for which he has been dismissed. The board shall notify the employe of its denial in writing and shall inform the employe of his right to appeal such denial under the provisions of KRS 18A.100;

(d) Any investigation by the board of any matter related to an appeal filed by an employe shall be conducted only upon notice to the employe, the employe's counsel, and the appointing authority. All parties to the appeal shall have access to information produced by such investigations and such information shall be presented at the hearing. Any party to the hearing shall be permitted an adequate opportunity to rebut or comment upon such information;

(e) Each appeal shall be decided on its merits and the board shall base its decision upon the evidence, facts and information contained in the record.

(19) At the hearing of such appeals, technical rules of evidence shall not apply. Upon its own motion or upon request by a party, the board may require the production by a party, a state employe or a state agency of documents, records and other material relevant to the appeal.

(20) Each appeal shall be decided individually, unless otherwise agreed by the parties and the board. The board shall not:

(a) Employ class action procedures; or

(b) Conduct test representative cases.

(21) Except as authorized by law, a board member [~~or an employe of the board~~] shall neither initiate, participate in, nor consider ex parte communications, *nor shall any employe of the board initiate ex parte communications* concerning a pending or impending proceeding before the board. Board members shall abstain from public comment about a pending or impending proceeding before the board[~~, and shall require similar abstention on the part of board personnel subject to the board's direction and control~~]. This shall not prohibit board members from making public statements in the course of their official duties or from explaining for public information the procedures of the board.

(22) (a) An appeal to the board may be heard by[~~:~~

~~1.~~] the full board *or one (1) or more of the following: Its executive director, its general counsel, any non-elected member of the board, or any of its hearing officers hired by personal service contract.* [~~;~~

~~2. Two (2) non-elected board members;~~

~~3. A non-elected member of the board and its executive director;~~

~~4. A non-elected member of the board and a hearing officer;~~

~~5. The executive director and a hearing officer; or~~

~~6. The general counsel of the board and either a non-elected member of the board, the executive director or a hearing officer;~~]

(b) Any appeal heard by less than the full board shall be reviewed by the full board before a final order of the board is issued:

1. Prior to a final order of the board, the board shall provide a copy of the findings of fact and recommendations to the parties to the appeal and shall provide them with an opportunity to submit written exceptions and responses to such findings of fact and recommendations. At the request of a party or on its own motion, the board shall permit oral argument before the full board. Such request shall be filed with the board within fifteen (15) days of the recommended order issued by a member, the executive director, or a hearing officer; and

2. The board shall review the record of the evidence presented, the findings of fact and recommendations of the hearing officer, and the written exceptions and responses filed by parties to the appeal.

(23) (a) If the board finds that the action complained of was taken by the appointing authority in violation of laws prohibiting favor for, or discrimination against, or bias with respect to his political or religious opinions or affiliations or ethnic origin, or in violation of laws prohibiting discrimination because of such individual's sex or age or handicap, the appointing authority shall, immediately reinstate the employe to his former position or a position of like status and pay, without loss of pay for the period of his penalization, or otherwise make the employe whole;

(b) If the board finds that the action complained of was taken without just cause, the board shall order the immediate reinstatement of the employe to his former position or a position of like status and pay, without loss of pay for the period of his penalization, or otherwise make the employe whole;

(c) If the board finds that the action taken by the appointing authority was excessive or erroneous in view of all the surrounding circumstances, the board shall alter, modify or rescind the disciplinary action;

(d) In all other cases, the board shall rescind the action taken or otherwise grant such other relief to which the employe is entitled.

(24) If a final order of the board is appealed, a court shall award reasonable attorney fees to an employe who prevails by a final adjudication on the merits as provided by KRS 453.260. Such award shall not include attorney fees attributable to the hearing before the board.

(25) When any employe is dismissed and not ordered reinstated after such appeal, the board in its discretion may direct that his name be placed on an appropriate reemployment list for employment in any similar position other than the one from which he had been removed.

(26) After a final decision has been rendered by the board or court, an employe who prevails in his appeal shall be credited with the amount of leave time used for time spent at his hearing before the board or court. Employes who had an insufficient amount of leave time shall be credited with leave time equal to the amount of time spent at their hearings before the board or court.

(27) The board shall, within sixty (60) days after an appeal is filed, hear the appeal, and shall, within ninety (90) days after an appeal is filed, issue a final determination for the disposition thereof.

(28) If the appointing authority appeals the final order of the board, unless the board rules otherwise, the reinstated employe shall remain in his former position, or a position of like status or pay, until the conclusion of the appeals process, at which time the appointing authority shall take action in accordance with the court order.

SCR 69, A CONCURRENT RESOLUTION creating the Kentucky Retirement Systems and the Teachers Retirement System Study Commission, and making an appropriation therefor.

WHEREAS, retirement programs are an important part of the compensation and benefit packages of state employes and teachers; and

WHEREAS, the costs of retirement programs are greatly affected by management and investment practices over a long period of time; and

WHEREAS, the benefit structures of retirement programs should be designed according to a coherent philosophy that defines desirable benefit levels and seeks equity among employe groups; and

WHEREAS, the benefit structures of retirement programs are subject to many pressures for change which may be uncoordinated and pursued without adequate attention to the ultimate goals to be achieved; and

WHEREAS, the welfare of state employes and teachers must be promoted by retirement plans which are well designed, well managed and well funded, and the welfare of the state is served by achieving these goals;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. The Kentucky Retirement Systems and Teachers Retirement System study commission shall conduct a study of the Teachers Retirement System, the Kentucky Employes Retirement System, the State Police Retirement System and the County Employes Retirement System. This study shall include an evaluation of the management and investment practices of these systems, and an evaluation of the funding status of each system. The actuarial valuation of each system shall be conducted by a firm selected by the Governor, but actuaries retained shall be either fellows of the Society of Actuaries, members of the American Academy of Actuaries, or enrolled actuaries under the terms of the federal Employes' Retirement Income Security Act of 1974.

Section 2. The study shall include consideration of the retirement income goals which should be attained by public employe retirement programs, and the current status of Kentucky public retirement systems with respect to those goals. Attention shall be given to the relation of benefit programs one to another, and whether there is equity of benefits among the various employe groups served.

Section 3. The Kentucky Retirement System and Kentucky Teachers Retirement System study commission shall determine the impact on these systems of a twenty-seven year retirement program for participants in the respective systems. The study shall include an evaluation of the effects on the retirement systems that would be caused by mandatory participation in the federal social security system. This portion of the study shall include an evaluation of the additional costs to be borne by participating in the social security system, the need for additional contributions to be paid into the retirement systems by both employes and employers due to such participation in the social security system and the impact on benefits received by members of the affected retirement system.

Section 4. Further attention shall be given to the processes whereby public retirement systems in Kentucky are designed and amended, and whether these processes can be better structured to assure the attainment of long term goals.

Section 5. The Kentucky Retirement Systems and Teachers Retirement System study commission shall be comprised of four members. The Governor shall appoint two members. One member shall be a member of the Senate committee on appropriations and revenue, selected by the chairman, and one member shall be a member of the House committee on appropriations and revenue, selected by the chairman.

Section 6. There shall be appropriated the sum of one hundred thousand dollars ($100,000) from the Governor's state planning fund to conduct this study, and this appropriation shall not lapse.

Section 7. The commission shall report its findings to the Legislative Research Commission no later than August 1, 1989.

Floor Amendment No. 2 to Committee Substitute to **HB 917**, by Representative Little:

Amend printed copy of HCS to **HB 917** by deleting Committee Substitute for House Bill 917 in its entirety and inserting in lieu thereof the following:

SECTION 1. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

(1) On and after January 1, 1989, any person owning and engaged in the business of extracting or leasing mineral resources shall, as of January 1 each year, and by February 1, report to the revenue cabinet information relating to the value or production of mineral resources from its property. The revenue cabinet shall provide standard forms for reporting mineral production and other information that bears on the value of mineral properties. Producers shall complete and file annually the appropriate forms for each of their properties.

(2) On and after January 1, 1989, the revenue cabinet shall determine the fair cash value of all mineral resources using all applicable standard valuation methods and taking into account all factors that influence value. In determining fair cash value, the Revenue Cabinet shall consider the findings and conclusions of the Kentucky Geological Survey regarding geological information about the mineral resources, and the commercial value, or lack thereof, of those mineral resources. In determining the assessed value of mineral resources, if appropriate to the particular mineral being assessed, the Revenue Cabinet shall consider whether the mineral resources is “active mining property,” “active reserves,” “inactive reserves,” “unmined property” or “commercially unminable property”, as those terms are defined in KRS 132.010. In determining the assessed value of non-hydrocarbon mineral resources the Revenue Cabinet shall consider whether or not there is currently active mining or quarrying operation in the vicinity of the non-hydrocarbon mineral resources being assessed.

(3) When the valuation has been finally determined, the cabinet shall certify the valuation to the property valuation administrator who shall place the valuation upon the county assessment rolls and give notice to the property owner as provided in KRS 132.450.

SECTION 2. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

If any tract of mineral resources valued as barren, unminable, or commercially unminable property is prepared for extraction, that tract of mineral resources shall be subject to reevaluation based on the current fair cash value of the tract; and the owner shall be liable for taxes based on the fair cash value for the two (2) years immediately preceding the year of reevaluation but shall not be liable for deferred taxes for any year prior to the effective date of this Act. Active mining property which becomes barren and unminable upon extraction of mineral resources shall be valued at its lower value by January 1 following the year in which the mineral resources were extracted. “Prepared for extraction: as used in this section means property for which a permit application has been submitted to but for which a permit has not been issued by the Natural Resources and Environmental Protection Cabinet pursuant to KRS Chapter 350.

SECTION 3. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

Beginning January 1, 1989, and each January 1 thereafter, the county clerk shall provide a list of all transfers of mineral resources for the prior year to the revenue cabinet by February 1 each year which shall include references to deed books and page numbers where the record of the transaction may be found.

Section 4. KRS 132.010 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) “Cabinet” means the revenue cabinet.

(2) “Taxpayer” means any person, *natural or legal*, made liable by law to file a return or pay a tax.

(3) “Real property” includes all lands, *and mineral resources* within this state and improvements thereon.

(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.

(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve (12) months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference between:

(a) The total valuation of property subject to taxation by the county, city, school district or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and

(b) The total valuation of property subject to taxation by the county, city, school district or special district for the current year.

(8) "New property" means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. "Real property additions" shall mean:

(a) Property annexed or incorporated by a municipal corporation, or any other taxing jurisdiction, however, this definition shall not apply to property acquired through the merger or consolidation of school districts, or the transfer of property from one school district to another;

(b) Property, the ownership of which has been transferred from a tax-exempt entity to a nontax-exempt entity;

(c) The value of improvements to existing nonresidential property;

(d) The value of new residential improvements to property;

(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided; [~~and~~]

(i) The value of improvements to real property previously under assessment moratorium*; and* *(j) The value of mineral resources added to the tax rolls for the year in which such value is added to the tax rolls.*

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least ten (10) contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government, where such activities produced an average annual gross income including payments under a state or federal program according to the following scale:

Acres	Annual Gross Income	Income Per Acre
10 to 30	$1,000	$60.00 per acre, or a fraction thereof, over 10 acres.
30 to 60	$2,200	$40.00 per acre, or a fraction thereof, over 30 acres.
60 to 100	$3,400	$25.00 per acre, or a fraction thereof, over 60 acres.
100 to 250	$4,400	$10.00 per acre, or a fraction thereof, over 100 acres.
Over 250	$5,900	$5.00 per acre, or a fraction thereof, over 250 acres.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there must be an annual gross income of these amounts within two (2) years of purchase. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(10) "Horticultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least five (5) contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers or ornamental plants, where such activities produced an average annual gross income according to the following scale:

Acres	Annual Gross Income	Income Per Acre
5 to 30	$1,000 minimum, or	$100.00 per acre, or a fraction thereof, over 5 acres, or whichever amount is greater.
30 to 60	$3,000	$50.00 per acre, or a fraction thereof, over 30 acres.
60 to 100	$4,500	$25.00 per acre, or a fraction thereof, over 60 acres.
100 to 250	$5,500	$10.00 per acre, or a fraction thereof, over 100 acres.
Over 250	$7,000	$5.00 per acre, or a fraction thereof, over 250 acres.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there is evidence of anticipated annual gross income of these amounts. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farm land purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;

(b) Degree of productivity of the soil;

(c) Risk of flooding;

(d) Improvements to and on the land that relate to the production of income;

(e) Row crop capability including allotted crops;

(f) Accessibility to all-weather roads and markets; and

(g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

(12) "Deferred tax" means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.

(13) "Homestead" means real property maintained as the permanent residence of the owner with all land and improvements adjoining and contiguous thereto including, but not limited to, lawns, drives, flower or vegetable gardens, outbuildings and all other land connected thereto.

(14) "Residential unit" means all or that part of real property occupied as the permanent residence of the owner.

(15) "Special benefits" are those which are provided by public works not financed through the general tax levy but through special assessments against the benefited property.

(16) "Mobile home" means a structure, transportable in one (1) or more sections, which when erected on site measures eight (8) body feet or more in width and thirty-two (32) body feet or more in length, and which is built on a permanent chassis and designed to be used as a dwelling, with or without a permanent foundation, when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems contained therein. It may be used as a place of residence, business, profession, or trade by the owner, lessee or their assigns and may consist of one (1) or more units that can be attached or joined together to comprise an integral unit or condominium structure.

(17) "Recreational vehicle" means a vehicular type unit primarily designed as temporary living quarters for recreational, camping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle. The basic entities are: travel trailer, camping trailer, truck camper and motor home.

(a) Travel trailer: A vehicular unit, mounted on wheels, designed to provide temporary living quarters for recreational, camping, or travel use, and of such size or weight as not to require special highway movement permits when drawn by a motorized vehicle, and with a living area of less than two hundred twenty (220) square feet, excluding built-in equipment (such as wardrobes, closets, cabinets, kitchen units or fixtures) and bath and toilet rooms.

(b) Camping trailer: A vehicular portable unit mounted on wheels and constructed with collapsible partial side walls which fold for towing by another vehicle and unfold at the camp site to provide temporary living quarters for recreational, camping, or travel use.

(c) Truck camper: A portable unit constructed to provide temporary living quarters for recreational, travel, or camping use, consisting of a roof, floor, and sides, designed to be loaded onto and unloaded from the bed of a pick-up truck.

(d) Motor home: A vehicular unit designed to provide temporary living quarters for recreational, camping or travel use built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van which is an integral part of the completed vehicle.

(18) "Mineral resources" mean all forms of minerals which have not yet been mined or removed from the earth for which there exists a method of extraction in common usage in the particular industry and a commercial use for which the mined or removed mineral could be devoted under available technologies, but excluding oil, natural gas, natural gas liquids, and limestone.

(19) "Active mining property" means mineral resources on a parcel or tract of land actively being mined, or for which a permit to mine has been obtained from the Kentucky natural resources and environmental protection cabinet pursuant to KRS Chapter 350. The existence of a permit issued by the Kentucky Natural Resources and Environmental Protection Cabinet pursuant to KRS Chapter 224 shall not be conclusive proof that the entire area so permitted is "active mining property". Each permittee permitted under KRS Chapter 224 shall submit to the Revenue Cabinet a map of the area it intends to mine within the next two (2) years, considering the most recent year's rate of production on active mining property.

(20) "Active reserves" means those mineral resources in excess of active mining property, under common ownership, lease or control with active mining property, containing a seam which is the same as or substantially similar to that being mined in that active mining property, and which represents an acreage containing mineral resources which could be economically mined within five (5) years using the most recent year's rate of production on active mining property.

(21) "Inactive reserves" means those seams of mineral resources which are not classifiable as either "active mining property", "active reserves," "barren property," "unminable property," or "commercially unminable property."

(22) "Barren property" means those seams of mineral resources not being actively mined which have been depleted by prior mining operations.

(23) "Unminable properties" means those seams of mineral resources which underlie surface property used for parks, residential, commercial or industrial purposes, and not being actively mined, or from which mining is prohibited by law. It shall additionally mean those seams of mineral resources which underlie surface tracts being devoted to agricultural or horticultural purposes, as defined in subsections (9) and (10) of this section, by the owner of the surface tracts if the mineral resources have not been severed from the surface estate by deed or conveyance and are not otherwise classifiable as "active reserves" or "inactive reserves", so long as the mineral resources are neither being mined nor prepared for mining.

(24) "Commercially unminable" property means those seams of mineral resources for which the cost of mining or removing the mineral from the earth, by the most efficient method of extraction in common usage within the particular industry for such seam is greater than the average selling price of such mineral resource after extraction on the open market.

Section 5. KRS 132.020 is amended to read as follows:

(1) An annual ad valorem tax for state purposes of thirty-one and one-half cents (31-1/2) upon each one hundred dollars ($100) of value of all real property directed to be assessed for taxation, and one and one-half cents (1-1/2) upon each one hundred dollars ($100) of value of all privately-owned leasehold interests in industrial buildings, as defined under KRS 103.200, owned and financed by a tax-exempt governmental unit, or tax-exempt statutory authority under the provisions of KRS Chapter 103 directed to be assessed for taxation, and one and one-half cents (1-1/2) upon each one hundred dollars ($100) of value of all tobacco directed to be assessed for taxation, and twenty-five cents (25) upon each one hundred dollars ($100) of value of all money in hand, shares of stock, notes, bonds, accounts and other credits, whether secured by mortgage, pledge or otherwise, or unsecured, except as otherwise provided in subsection (2) of this section, and one and one-half cents (1-1/2) upon each one hundred dollars ($100) of value of unmanufactured agricultural products,

(6)[~~(7)~~] The provisions of subsection (1) of this section notwithstanding, the state tax rate on real property shall be reduced to compensate for any increase in the aggregate assessed value of real property, *exclusive of the value of mineral resources added to the tax rolls for the year in which such value is added to the tax rolls,* to the extent that such increase exceeds the preceding year's assessment by more than four percent (4%). In any year in which the aggregate assessed value of real property is less than the preceding year, the state rate shall be increased to the extent necessary to produce the approximate amount of revenue that was produced in the preceding year from real property.

In the event the assessments for all counties have

not been certified by July 1, the cabinet shall, when real property assessments of at least seventy-five percent (75%) of the total number of counties of the Commonwealth have been certified, make an estimate of the real property assessments of the uncertified counties and compute the state tax rate.

(8)[~~(9)~~] In the event that the tax rate set by the cabinet as provided in subsection *(7)* [~~(8)~~] of this section produces more than a four percent (4%) increase in real property tax revenues, *exclusive of revenue from the value of mineral resources added to the tax rolls for the year in which such value is added to the tax rolls,* the rate shall be adjusted in the succeeding year so that the cumulative total of each year's property tax revenue increase, *exclusive of revenue from the value of mineral resources added to the tax rolls for the year in which such value is added to the tax rolls,* shall not exceed four percent (4%) per year.

Section 8. KRS 132.330 is amended to read as follows:

The field agents, accountants and attorneys of the revenue cabinet shall cause to be listed for taxation all property omitted by the property valuation administrators, county board of assessment appeals, cabinet or any other assessing authority, for any year omitted. The agent, accountant or attorney proposing to have the property assessed shall file in the office of the county clerk of the county in which the property may be liable to assessment a statement containing a description and value of the property or corporate franchise proposed to be assessed, the name and place of residence of the owner, his agent or attorney, or person in possession of the property, if known, and the year the property was unassessed. The county clerk shall there upon issue a summons against the owner, or person in possession of the property if the owner is unknown, to show cause within ten (10) days after the service of the summons, why the property or corporate franchise shall not be assessed at the value named in the statement filed. No decision shall be rendered against the alleged owner unless the statement filed contains a description of the property sought to be assessed that will enable the county judge/executive to identify it. The summons shall be executed by the sheriff by delivering a copy thereof to the owner, or if he is not in the county to his agent, attorney or person in possession of the property. If the property is real property, *including mineral resources,* and the owner is known but is absent from the state and has no attorney or agent in this state and no one is in possession of the property, the summons shall be served by posting it in a conspicuous place upon the *surface of the* property; if the property consists of tangible personal property the summons shall be placed in a conspicuous place where the property is located. In the case of tangible and intangible personal property, where the owner and his place of residence are unknown and no one (1) has possession of the property, an action for assessment shall be instituted by filing the petition above mentioned and procuring constructive service against the owner under the provisions of rules 4.05, 4.06, 4.07 and 4.08 of the Rules of Civil Procedure. In all of the above cases an attachment of the property omitted from assessment may be procured from the district court against the owner, at the time of the institution of the action or thereafter, and without the execution of a bond by the Commonwealth or its relator, by the representative of the revenue cabinet making an affidavit that the property described in the petition is subject to state, county, school or other taxing district tax, and is unassessed for any taxable year.

SECTION 13. A NEW SECTION OF KRS CHAPTER 144 IS CREATED TO READ AS FOLLOWS:

If the "owner" of the unmined coal is a related party then the cabinet shall examine the method used to determine the gross royalty income and may determine that the gross royalty income as calculated by that owner does not represent a fair and equitable gross royalty income. If the cabinet does so determine that the gross royalty income as calculated by the owner is not a fair and equitable amount, then the owner shall calculate the gross royalty income in the following manner: The gross royalty income of that owner shall be that portion of the total gross value of the severed coal calculated by multiplying the average county gross royalty income rate for the county from which the coal was severed by the gross value of the coal severed for the owner.

SECTION 14. A NEW SECTION OF KRS Chapter 144 IS CREATED TO READ AS FOLLOWS:

A tax return is required for each reporting period even though there may be no tax liability.

(3) Whenever any owner fails to comply with any provisions of this chapter, or any rule or regulation of the cabinet relating thereto, the cabinet may order the suspension or revocation of the certificate of registration held by such taxpayer.

(4) Any owner, including any officer of a corporation who receives "gross royalty income" in this state without obtaining a certificate of registration or whose certificate or registration has been suspended or revoked, shall be guilty of a misdemeanor and upon conviction therefor, shall be fined an amount not less that one thousand dollars ($1,000) or imprisoned for a period not to exceed six (6) months or both such fine and imprisonment.

A notice of such assessment shall be mailed to the "owner". The time herein provided may be extended by agreement the "owner" and the cabinet.

If a motor vehicle is jointly owned, the owners shall indicate to the county clerk the birth month of one (1) of them to be used for purposes of this section.

"Section 2. KRS 161.030 is amended to read as follows:

(1) The certification of all teachers and other school personnel is vested in the state board of education. When so certified, teachers and other school personnel shall not be required to have licensure, certification,

or other forms of approval from any other state agency for the performance of their respective assignments within the common schools. All certificates authorized under KRS 161.010 to 161.126 shall be issued in accordance with the published rules and regulations of the state board of education.

(2) Certificates shall be issued to persons who have completed, at such colleges and universities as have been approved by the state board of education for the preparation of teachers and other school personnel, the curricula prescribed by the Kentucky council on teacher education and certification and approved by the state board of education for the certificates.

(3) Initial certification of all new teachers shall require the successful completion of appropriate written tests prior to certification. The tests shall be selected by the state board of education and shall measure communication skills, general knowledge, professional education concepts and knowledge in the specific teaching field of the applicant. The state board of education shall determine the minimum acceptable level of achievement on each test. The tests shall measure those concepts, ideas, and facts which are being taught in teacher education programs in Kentucky. Upon successful completion of the tests and the approved teacher preparation program, a certificate valid for one (1) year shall be issued. If an out-of-state teacher with less than two (2) years experience comes to Kentucky after the deadline for taking the written tests, a temporary certificate may be issued for a period up to six (6) months provided the local board cannot fill the vacant position with a certified teacher. The teacher shall take the tests if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the tests. In the event the teacher fails the tests, the temporary certificate shall be valid only for the current semester.

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the tests shall be established by the state board of education. Provisions shall be made for persons having less than minimum levels of performance on any test to repeat that test, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The department of education shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. Scores shall be used only in the assessment for certification of new teachers and of out-of-state teachers with less than two (2) years of teaching experience who are seeking initial certification in Kentucky.

(5) All new teachers, and out-of-state teachers with less than two (2) years of successful teaching experience who are seeking initial certification in Kentucky shall serve a one (1) year internship. The teacher shall be a full-time employe or shall have an annual contract and serve on at least a half-time basis and shall have supervision, assistance, and assessment during the one (1) year internship. *The internship may be served in a public school or a nonpublic school which has been accredited by the state department of education or a national accrediting association.* Successful completion shall be determined by a majority vote of the beginning teacher committee. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility and benefits for single salary experience increments. Upon successful completion of the beginning teacher program the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by state board of education regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator from a state-approved teacher training institution to be appointed by the president of that institution. In the event that more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal. In unusual situations the superintendent of public instruction may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee. In the event the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district. *In the case of a nonpublic school, if the teacher training institution is unable to provide a member to serve on the beginning teacher committee, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator.* The resource teacher shall be appointed by the department of education from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the department of education for work done outside normal working hours. *In the case of a resource teacher in a nonpublic school, payment shall be made directly to the resource teacher by the department of education.* Priority shall be given to resource teachers with the same certification as the teacher intern in the following order:

(1) Teachers in the same school;

(2) Teachers in the same district; and

(3) Teachers in an adjacent school district.

The committee shall meet with the beginning teacher a minimum of three (3) times per year for evaluation and recommendation with all committee members present. In addition, each member of the committee shall observe the beginning teacher in the classroom a minimum of three (3) times per year. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher; twenty (20) of these hours shall be observing the beginning teacher in the classroom setting; fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his or her immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

(8) By contract with teacher education institutions in the Commonwealth, the superintendent of public instruction shall provide special training for persons who will be serving on the beginning teacher committees. Completion of special training shall be evidenced by successfully passing the examinations as prescribed by the state board of education.

(9) In the event an applicant establishes eligibility for a one (1) year certificate under the provisions of subsection (3) of this section, but does not become employed on the basis needed to satisfy the one (1) year internship requirement, the applicant shall be eligible for the issuance of a certificate for substitute teaching as provided by the regulations of the state board of education. The applicant shall remain eligible for the one (1) year certificate as provided in subsection (3) and for the opportunity to serve the internship for a period of four (4) years after establishing eligibility. If the internship is not completed within the four (4) year period, the applicant must re-establish eligibility by repeating and passing the testing program in effect for new teachers at that time.

(10) The state board of education shall approve the curricula of any standard college or university, or of any department thereof for the training of teachers, when the curricula comply with the rules and regulations of the state board of education for the issuance of certificates and when the institution has met the terms and conditions provided in KRS 161.010 to 161.120. Any student who has completed any of these curricula as approved by the state board of education, and who has completed the prescribed requirements for the issuance of certificates shall be granted a certificate corresponding to the curricula completed."

If through an inadvertence the defendant should be issued a license, the cabinet shall forthwith cancel it.

(3) The cabinet upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. Provided, however, the cabinet, upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520(1) or KRS 244.085(5) as relates to instances in which a driver's license or fraudulent driver's license was the identification used or attempted to be used in the commission of the offense, who has had no previous conviction of said offense, that said person's operator's license shall not be revoked, restricts said person's operator's license according to such terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such driver's education

program as the cabinet shall require. In the event said person fails to satisfactorily complete said driver's education program or violates the restrictions on his operator's license, the cabinet shall forthwith revoke said operator's license for a period of six (6) months.

(5) Persons convicted of a first offense violation of KRS 189A.010 may elect to attend the driver's education program established by this section, or (at the option of the defendant) a licensed comprehensive care center education program, and no other. Attendance at the school shall not permit the retention of the operator's license. Successful completion of the school shall reduce the period of operator's license suspension from six (6) months to thirty (30) days as specified in KRS 189A.070(1)(a). The cabinet shall permit driver's education programs approved by the cabinet to offer a nine (9) hour driver's education program which may be completed in one (1) day and which shall satisfy the provisions of this section.

(6) License suspensions and revocations under KRS 189A.060, 189A.070, and 189A.080 shall be in addition to any other license revocation authorized by law or regulation. The powers of the transportation cabinet to revoke a license or lengthen the period of revocation shall not be affected by KRS Chapter 189A.

(7) In order to secure the reinstatement of a license to operate a motor vehicle or motorcycle restored following a period of suspension or revocation pursuant to KRS 189A.060, 189A.070, and 189A.080 the person whose license is suspended or revoked shall comply with the fees and other procedures of the transportation cabinet with regard to the reinstatement of suspended or revoked licenses.

(8)*(a)* Any person or legal entity that seeks to offer, conduct or operate *an alcohol driver* [~~a driver's~~] education program as provided in this section shall submit sufficient documentation to the cabinet in writing that such program is needed in the geographical area that is proposed to be served.

(b) Any person or legal entity which is certified by the transportation cabinet to operate an alcohol driver education program on a statewide basis shall be eligible to operate a driver improvement program on a statewide basis pursuant to KRS 186.574.

(c) The cabinet shall promulgate administrative regulations which specify what constitutes need for such programs in a given geographical area. The cabinet shall determine whether such need is shown to exist and shall establish by regulation an appeals procedure. The provisions of this subsection shall not apply to any driver's education program operating with the approval of the cabinet prior to July 15, 1986.

Section 5. KRS 186.574 is amended to read as follows:

(1) The transportation cabinet shall *supervise and regulate* [~~establish~~] a driver improvement program for new drivers and for traffic offenders. The program shall be composed of uniform education and training elements designed to create a lasting and corrective influence on the driving performance of traffic offenders. District courts may in lieu of assessing penalties for traffic offenses, other than for KRS 189A.010, sentence offenders to said driver improvement program and no other.

(2) Whenever any district court stipulates in its judgment of conviction that a person attend a driver improvement program, the court shall so indicate in the space provided on the abstract of conviction filed with the transportation cabinet. Upon receipt of such abstract, the transportation cabinet, or its representative, shall forthwith schedule such person to attend a driver improvement program. Failure of such person to attend and satisfactorily complete a driver improvement program in compliance with the court order, may be punished as contempt of the sentencing court.

(3) The transportation cabinet shall supervise[~~, operate~~] and *regulate* [~~administer~~] said driver improvement program, and shall promulgate such regulations as are necessary relating to *certification,* facilities, equipment, courses of instruction, instructors and records of the program. *The cabinet may operate a driver improvement school in any county in addition to any certified school. However, the attendee shall be given the opportunity to choose which course he wants to attend.* In the event a person sentenced under subsection (1) of this section does not attend or satisfactorily complete the prescribed driver improvement program, the transportation cabinet may deny that person a license or suspend the license of that person until he reschedules attendance or completes the driver improvement clinic, at which time any such denial or suspension shall be rescinded.

(4) Persons participating in the driver improvement program as provided in this section shall, upon sentencing, pay a fee of fifteen dollars ($15.00) to defray the cost of operating the program *and five dollars ($5) to the transportation cabinet. HB 861, AN ACT relating to revenue and taxation for the funding of school districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 160.637 is amended to read as follows:

(1) "Requesting school districts" shall mean those school districts for which the revenue cabinet is requested to act as tax collector under the authority of KRS 160.627(2).

(2) Reasonable expenses not to exceed the actual costs of collection incurred by any tax collector, except the revenue cabinet, for the administration or collection of the school taxes authorized by KRS 160.605 to 160.611, 160.613 to 160.617, and 160.621 to 160.633 shall be reimbursed by the school district boards of education on a monthly basis or on such basis as may be agreed upon by the boards of education and the tax collector. Such expenses shall be borne by the school districts on a basis proportionate to the revenue received by such districts.

(3) The following shall apply only when the revenue cabinet is acting as tax collector under the authority of KRS 160.627(2):

(a) When the cabinet is *initially* requested to be the tax collector under KRS 160.627(2), the cabinet shall estimate the costs of implementing the administration of [~~each~~] such tax so requested, and shall inform the requesting school district of this estimated cost. The requesting school district shall pay to the cabinet *ten percent (10%) of* this estimated cost referred to as "start-up costs" within thirty (30) days of notification by the cabinet. *Subsequent requesting school districts shall pay their pro rata share, or ten percent (10%), whichever is less, of the unpaid balance of the initial "start-up costs" until the cabinet has fully recovered such costs. Such payment shall be made within thirty (30) days of notification by the cabinet.*

(b) *The revenue cabinet shall also be reimbursed by each school district for its proportionate share of the actual operational expenses incurred by the cabinet in collecting the excise tax. Such expenses, which shall be deducted by the revenue cabinet from payments to school districts made under the provisions of KRS 160.627(2), shall be allocated by the cabinet to school districts on a basis proportionate to the number of returns processed by the revenue cabinet for each district compared to the total processed by the revenue cabinet for all districts* [~~For each calendar quarter after payment of the start-up costs, and no less than thirty (30) days before the beginning of such quarter, the revenue cabinet shall inform the requesting school district of costs needed to collect the tax authorized by KRS 160.621 for that calendar quarter and the requesting school district shall remit the same to the cabinet within thirty (30) days. If any such payments are in excess of the cabinet's actual costs of administration, or if any interest is earned on such payments, such excess or interest will be credited to the costs for the following quarter. If any such payments are less than the cabinet's actual costs of administration, the requesting school districts shall reimburse these additional costs within thirty (30) days of notification~~].

(c) All funds received by the cabinet under the authority of paragraphs (a) and (b) of this subsection shall be deposited into an account entitled the "school tax fund account," an account created within the restricted fund group set forth in KRS 45.305. The use of these funds shall be restricted to paying the cabinet for the costs described in paragraphs (a) and (b) of this subsection. This account shall not lapse.

(d) The cabinet is authorized to retain a portion of the school tax revenues collected in a special account entitled the "school tax refund account" which is an account created within the restricted fund group set forth in KRS 45.305. The sole purpose of this account is to authorize the revenue cabinet to refund school taxes. This account shall not lapse. Refunds shall be made in accordance with the provisions in KRS 134.580(2) and when the taxpayer has made an overpayment or a payment where no tax was due as defined in KRS 134.580(4) within four (4) years of payment.

(e) KRS 160.621 notwithstanding, when the cabinet is acting as tax collector under the authority of KRS 160.627(2) the requesting school district is authorized to enact the tax enumerated in KRS 160.621 only at the following rates: five percent (5%), ten percent (10%), fifteen percent (15%), and twenty percent (20%) on a school district resident's state individual income tax liability as computed under KRS Chapter 141.

(f) Beginning August 1, 1982 any school district which requests the cabinet to collect taxes under the authority of KRS 160.627(2) is required to inform the cabinet of this request not less than one hundred fifty (150) days prior to January 1.

(g) At no time will the cabinet be required to collect taxes authorized in KRS 160.621 of an individual when the cabinet is not pursuing collection of that individual's state income taxes. The cabinet is not required to collect or defend the tax set forth in KRS 160.621 in any board or court of this state.

(h) Any overpayments of the tax set forth in KRS 141.020 or payments made when no tax was due may be applied to any tax liability arising under KRS 160.621 before a refund is authorized to the taxpayer. In no event shall any individual's taxpayment be credited to the tax set forth in KRS 160.621 until all outstanding state income tax liabilities of that individual have been paid.

(i) KRS 160.510 notwithstanding, the state auditor is the only party authorized to audit the revenue cabinet with respect to the performance of its duties under KRS 160.621.

HB 991, AN ACT relating to the regulation of construction.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 198B.060 is amended to read as follows:

(1) Each local government in the state of Kentucky shall employ a building official or inspector and other code enforcement personnel as necessary, or shall contract for such services in accordance with subsections (8) and (10) of this section to enforce the uniform state building code within the boundaries of its jurisdiction, and shall neither adopt nor enforce any other ordinance regulating buildings which conflicts with the uniform state building code, except that a building code adopted by a local government prior to March 28, 1978 may continue in effect until such time as the uniform state building code becomes mandatory within that local government jurisdiction.

(2) Local governments shall be responsible for the examination and approval or disapproval of plans and specifications for churches having a capacity of four hundred (400) or less persons, and six thousand (6,000) or less square feet of total floor area, and buildings of no more than three (3) stories in height, exclusive of attic and basement, which do not contain more than twenty thousand (20,000) square feet of floor area, and are not intended for educational, institutional or high hazard occupancy; or assembly, business or industrial occupancy in excess of one hundred (100) persons, except churches as stated in this subsection, or for use as a frozen food locker plant as defined in KRS 221.010. Local governments shall be responsible for the issuance and revocation of building permits, licenses, certificates and similar documents which cover activities within their area of responsibility, and the inspection of all buildings pursuant to the provisions of this chapter and the uniform state building code. Each local government issuing a building or demolition permit or an initial certificate of occupancy on a new structure shall send a copy of such permit or certificate to the commissioner for his use in maintaining an accurate housing inventory for Kentucky.

(3) Urban-county governments may determine service districts within their boundaries within which farm dwellings and other farm buildings, not used in the business of retail trade or as a place of regular employment for ten (10) or more people, shall be exempt from the requirements of the uniform state building code. Such determination may be reviewed and altered by the board.

(4) The department shall be responsible for the examination and approval or disapproval of plans and specifications for all buildings which are not the responsibility of local governments. The department may issue and revoke permits, licenses, certificates and similar documents within its area of responsibility, and

shall have concurrent jurisdiction with local governments for the inspection of all buildings pursuant to the provisions of this chapter and the uniform state building code. If the commissioner determines that the local jurisdiction is not adequately performing any portion of its program, he may recommend to the board that the department preempt that portion of a local program. The commissioner shall explain his reasons for preemption in writing and provide a copy to the board and the local jurisdiction. The local jurisdiction may appeal the recommended preemption directly to the board, and the board shall review such appeal according to the procedures found in subsections (8) to (12) of KRS 198B.070. No preemption by the department shall take place until the final decision of the board. If the department preempts any portion of a local program, it shall collect the fees applicable to that portion of the program.

(5) Any local government may petition the commissioner requesting that additional plan review functions be allocated to that local government. Such petition shall include evidence of the local government's capability to perform additional plan review functions. The commissioner, after review of the petition and supporting evidence, may grant or deny to the local government any part of a request for additional responsibility. If the commissioner denies any part of a petition, he shall explain his reasons for denial in writing, and provide a copy to the board and the local government. A local government may appeal such denial directly to the board, and the board shall review such appeal according to the procedures found in subsections (8) to (12) of KRS 198B.070. Should the local government be granted additional responsibility by the commissioner or the board, the department shall hold concurrent jurisdiction over such additional responsibility, but the local government shall collect any fees for functions it performs pursuant to such additional responsibility.

(6) Any local government may also petition the commissioner requesting that plans and specifications inspection, building inspection, and approval responsibility relating to the application of local plumbing permits for local installations be allocated to the local government. The petition shall not be granted unless the local government has demonstrated to the commissioner that it can perform these functions in accordance with the provisions of KRS 198B.050 to 198B.090.

(7) The commissioner shall expedite the review of plans and specifications by assigning responsibilities and coordinating review activities among the department's various functional offices so as to prevent unnecessary duplication in the review of plans and specifications.

(8) Upon the effective date of the uniform state building code, no building shall be constructed in this state until a local building official and an official representing the department, if the department has jurisdiction, issue a permit for such construction.

(9) The local building official or the representative of the department shall issue a permit if the proposed building satisfies the requirements of the uniform state building code and if the party desiring to construct the building has complied with all other legal requirements concerning the location and construction of said building. The applicant for a building permit, by the act of applying for the permit, is deemed to have consented to inspection, by the local government or the department, of such building during construction and upon the completion of construction for the purpose of determining that such building is constructed in compliance with the uniform state building code.

(10) After a certified electrical inspector has been employed, contracted for or with, or otherwise provided for by the local government or the department, no utility shall initiate permanent electrical service to any new building until a final certificate of approval has been issued by a certified electrical inspector. Unless the department shall notify the utility in writing as to which buildings are subject to departmental approval, it shall be presumed by the utility that the building is subject to the jurisdiction of the local government. However, nothing in this section shall prohibit the supply or use of necessary electrical services during the construction and testing process.

(11) This section shall apply to industrialized building systems but destructive disassembly of industrialized building systems which carry a seal of approval pursuant to a manufactured building law in the state in which they were manufactured, which seal of approval is accepted by the board of housing, buildings and construction, shall not be performed in order to conduct such tests or inspections.

(12) No building on which construction was begun nor any industrialized building system on which site preparation and assembly were begun after the uniform state building code became effective shall be occupied until the local building official or a representative of the department issues a certificate of occupancy certifying that the building was constructed in conformance with the standards of the uniform state building code, or assembled or installed in conformance with applicable instructions.

(13) A local government may associate with other local governments, and may seek the technical assistance of other agencies or area development districts in order to provide for the local enforcement of the uniform state building code.

(14) Local governments or associations of local governments may contract with a person, firm, or company to perform the plans and specifications inspection or building inspection functions required of the local government by the provisions of this section provided that:

(a) The person performing the plans and specifications inspection is certified by the department as having successfully completed the test requirements provided by KRS 198B.090 to practice as a certified plans and specifications inspector;

(b) The person performing the building inspection is certified by the department as having successfully completed the test requirements provided in KRS 198B.090 to practice as a certified building inspector;

(c) The person, firm or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities;

(d) The person performing the plumbing inspection is certified by the department as having successfully completed the requirements provided in KRS 318.140 to practice as a certified plumbing inspector; and

(e) The person, firm or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities.

(15) If the department determines that an inspector is not enforcing the provisions of the Kentucky building codes, it shall require a hearing to review the inspector's procedures and return in written form the required corrections resulting from the hearing to the inspector.

(16) If, after written notification from the department to the inspector of the corrections required, the inspector fails to comply within sixty (60) days, the department shall suspend the inspector's certification until the inspector complies.

(17) Each local government and the department may establish a schedule of fees for the functions performed under the provisions of this chapter. Such fees *shall be applied to the costs of educational programs required pursuant to KRS 198B.090, and shall fund a supplemental salary, not to exceed two thousand dollars ($2,000) for each local code official who has attained any one of the five (5) levels of certification as adopted by the department. The department may determine the appropriate supplement for each level of certification. The fees* shall *also* be designed to fully cover the cost of the service performed [~~but shall in no case exceed the cost of the service performed~~]. Fees payable to the department shall be paid into the state treasury and credited to a trust and agency fund to be used by the department in carrying out the provisions of this chapter. No part of this fund shall revert to the general fund of the Commonwealth.

Section 2. KRS 198B.090 is amended to read as follows:

(1) On or before July 1, 1983, the department shall create and administer a certification program with sufficient testing procedures to certify the following professional classifications:

(a) Building inspector;

(b) Plans and specifications inspector; and

(c) Plumbing inspector.

(2) The testing procedures shall be sufficient to reflect the ability of the person applying for certification to inspect in accordance with those local, state, and federal building codes, fire codes, plumbing codes, or health and safety codes, that are applicable to the inspection duties for which he requests certification.

(3) The department shall conduct or sponsor pre-entry and in-service education and training programs on the technical, legal, and administrative aspects of building code administration and enforcement. For this

purpose it may cooperate and contract with educational institutions, area development districts, local, regional, state or national building officials' organizations, and any other appropriate organization.

(4) On or before July 1, 1983, the department shall create and administer an educational program designed to prepare building officials, code enforcement officers and other persons interested in obtaining from the department a certification as a building inspector, plans and specifications inspector, or plumbing inspector. The program shall be so designed as to insure uniform statewide enforcement of the applicable state building and plumbing codes. Training material coverage shall be adequate to prepare the participants with a working knowledge of construction design, specification terms, and the state building codes applicable to the particular field in which the applicant requests certification.

(5) Plumbing inspectors who are in compliance with KRS 318.090 as state inspectors and KRS 318.140 as city-county inspectors, shall be considered in accordance with subsections (1)(c) and (2) of this section and shall not be required to be retested by the department of housing prior to consideration for certification as a plumbing inspector. The department of housing shall review the plumbing inspector's qualifications and credentials for compliance with KRS 318.090 or 318.140 prior to issuing a certification to the inspector's certificate applicant.

(6) Attendance at the training sessions shall not be mandatory prior to testing for certification if the applicant's previous education or experience qualifies the applicant to obtain a passing score on the required certification test.

(7) Training sessions shall be held as frequently as is felt necessary by the commissioner to adequately provide for local and state building inspection needs.

(8) The department's plans and specifications review staff and the field inspection staff shall attend the training and become certified in accordance with the provisions of this section.

(9) All building inspectors, plans and specification inspectors, and plumbing inspectors shall be certified or enrolled and actively pursuing department certification by October 1, 1983 or within ninety (90) days after employment as an inspector, whichever comes later.

(10) The board shall establish a schedule of fees to cover the cost of the education, testing, and certification programs to be paid by the applicants for certification. The fees shall not exceed the actual cost of the services performed by the department to administer the programs listed in this section, *and may be supplemented by department and local government inspection and certification fees charged pursuant to KRS 198B.060.*

(11) The department may reimburse building officials, code enforcement officers and other employes of the state and its subdivisions for related expenses incurred by them for attendance at in-service training programs approved by the department.

Except as provided in KRS Chapters 78 and 345, public employes shall have the option of choosing collective bargaining with regard to wages, hours and other terms and conditions of employment, any other statutory provisions to the contrary notwithstanding.

The secretary shall promulgate administrative regulations necessary for the proper administration of this Act.

SECTION 4. A NEW SECTION OF KRS CHAPTER 336 IS CREATED TO READ AS FOLLOWS:

(1) Upon petition for exclusive recognition by an employe organization, the public employer shall request the secretary to appoint an independent arbitrator with expertise in public sector labor relations to conduct a hearing to determine an appropriate negotiating unit or units. The arbitrator shall determine the appropriate negotiating unit based on the following relevant factors:

(2) No more than one (1) election, excluding a run off election, shall be conducted for any group of public employes and any recognition shall continue from year to year thereafter. However, if, at the end of a negotiated agreement, thirty percent (30%) of the public employes in a previously recognized unit petition the secretary for a new election as to the continued maintenance of their exclusive representative, then the secretary shall proceed in accordance with the election procedure set forth in subsection (1) of this section. The petition shall be filed between the ninetieth day and the sixtieth day prior to the expiration of any negotiation agreement. Failure to adhere to this schedule shall bar the petition.

An agreement between a public employer and an exclusive representative shall be valid and shall be enforced under its terms.

If the appropriate legislative body is not in session at the time, then the submission shall be within fourteen (14) days after it convenes. The legislative body shall approve or reject the submission as a whole, and the submission shall be deemed approved if the legislative body fails to act within thirty (30) days after the public employer submits the agreement. The parties may specify that those provisions of the agreement not requiring action by a legislative body shall be effective and operative in accordance with the terms of the agreement. A full and complete record shall be kept of all hearings, and all testimony shall be reported but need not be transcribed unless the decision is appealed pursuant to this chapter. The *commission* [~~board~~] may adopt the hearing officer's findings and recommendations or prepare written findings of fact and state the basis for its decision which shall become part of the record of the proceedings.

(5) All decisions revoking, suspending, modifying or denying licenses shall be made by the *commission* [~~board~~] in writing and shall be recorded in the minutes of the *commission* [~~board~~]. The *commission* [~~board~~] shall notify the applicant or licensee of the decision.

(6) The decision of the *commission* [~~board~~] shall be final for purposes of judicial appeal upon notice of the *commission's* [~~board's~~] decision.

Section 25. KRS 216B.115 is amended to read as follows:

(1) An appeal to the Franklin Circuit Court may be taken from any final decision of the *commission* [~~board~~] or cabinet with respect to a certificate of need application, a certificate of need, or a license, by any party to the proceedings.

(2) An appeal may be taken by filing a petition for review in the Franklin Circuit Court within thirty (30) days after notice of the final decision. A request for reconsideration filed pursuant to KRS 216B.090 shall toll the time for filing a judicial appeal until notice of the *commission's* [~~board's~~] decision not to reconsider or notice of its decision on reconsideration is given. The petition shall state completely the grounds upon which the review is sought and shall assign all errors relied upon. The petitioner shall serve a copy of the petition to each person who was a party to the proceedings. Summons shall be issued upon the petition directing the adverse party or parties to file an answer within twenty (20) days after service of summons. The *commission* [~~board~~] or cabinet shall, upon being served with the summons and within thirty (30) days thereafter, file a copy of the record, duly certified by the cabinet or the *chairman* [~~executive director~~] of the *commission* [~~board~~], the cost of the record to be taxed as costs upon appeal. In lieu of filing of such record an abstract thereof may be filed if all parties to the appeal agree.

Section 26. KRS 216B.120 is amended to read as follows:

(1) Each party to the proceedings may participate as a party in the proceedings in the circuit court on an appeal.

(2) In case of an appeal, no new or additional evidence may be introduced in the circuit court except as to fraud or misconduct of some person engaged in the administration of this chapter and affecting the decision or order; the court shall hear the case upon the certified record or abstract thereof, and shall dispose of the case in a summary manner, its review being limited to determining whether the *commission* [~~board~~] or cabinet acted within its jurisdiction, whether the decision or order was procured by fraud, and whether the findings of fact in issue are supported by substantial evidence and are not clearly erroneous based upon a review of the record as a whole.

(3) The court shall enter judgment affirming, modifying, reversing or setting aside the decision or, in its discretion, remanding the case to the *commission* [~~board~~] or cabinet for proceedings in conformity with the directions of the court.

(4) Any party to the judicial appeal may appeal from the circuit court to the Court of Appeals in accordance with the Kentucky Rules of Civil Procedure.

Section 27. KRS 216B.125 is amended to read as follows:

In the event the cabinet or *commission* [~~board~~] fails to issue or deny a certificate of need or an exemption pursuant to this chapter within the time prescribed under this chapter or administrative regulations promulgated by the *commission* [~~board~~], the applicant may seek judicial enforcement of this chapter by filing a civil action in Franklin Circuit Court.

Section 28. KRS 216B.130 is amended to read as follows:

Any other provisions of this chapter notwithstanding, any expenditure minimum or limit as provided in this chapter shall be adjusted for each twelve (12) month period beginning twelve (12) months after July 15, 1980 to reflect the changes in the preceding twelve (12) month period in a cost index designated by regulation for the purposes of making such adjustment. The *commission* [~~board~~] shall effect such adjustment by administrative regulations.

(1) In addition to all other powers enumerated in Chapter 67 and other sections of the Kentucky Revised Statutes, counties, acting by and through their fiscal courts, may plan, initiate, acquire, construct and maintain solid waste management facilities and promulgate rules and regulations with respect thereto in accordance with this chapter. It is hereby determined and declared that in the implementation, acquisition, financing and maintenance of solid waste management facilities, and in the enforcement of their use, counties will be performing state functions duly delegated to them for the public welfare. In such regard, the right of counties to condemn land necessary for the acquisition of solid waste management facilities pursuant to the Eminent Domain Act of Kentucky and to exercise the police power in respect thereto is confirmed. Any county may contract with third parties for the management by public or private means of solid waste within the county.

(2) No sanitary landfill shall be acquired and constructed until the construction thereof has been approved in writing by the department. Planning for sanitary landfills shall be conducted only in accordance with the policy set forth in KRS 109.011(7).

(f) Any other resource recovery operation within the county or district not included in paragraphs (a) through (e) of this subsection or the supply of materials to such operation unless it is established that such operation would jeopardize the ability of a local government or other political subdivision of the state to meet financial obligations incurred in the maintenance, operation, or amortization of capital acquisition costs for a solid waste management facility.

(4) Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, no county or waste management district shall regulate special wastes as defined in KRS 224.868 or solid waste from agricultural or mining operations.

(7) Any county undertaking solid waste management pursuant to the provisions of this chapter may contract with any person for the provision of solid waste management services. A county may contract with any city to provide solid waste management services or may delegate the responsibility for solid waste management within incorporated areas to a city when the city agrees to assume such responsibility. In connection with solid waste management, any county may enter into contracts with any person for any term of years.

(8) Counties are authorized to charge a reasonable fee to haulers for the handling of their waste at a solid waste management facility approved by the department.

(9) Counties are authorized to sell or market materials and energy recovered from solid waste and to enter into long-term contracts guaranteeing supply to insure markets for the sale of recovered products.

(10) In carrying out the provisions of this chapter, counties shall be subject to standards set by regulations promulgated by the department on waste management pursuant to KRS Chapter 224.

(11) No county or waste management district shall prohibit long-term contracts by ordinance or other means.

(12) Counties are expressly authorized in addition to the powers enumerated in KRS Chapter 65 and this chapter to contract with one another in order to regionalize solid waste management to the maximum extent practicable.

(13) Notwithstanding any other provision of law, a fiscal court may, by ordinance, create a solid waste district to exercise the powers of the county pursuant to this chapter, except that a district created for this purpose shall not levy or collect ad valorem property taxes.

SB 258, AN ACT relating to surface coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.093 is amended to read as follows:

(1) As determined by regulations of the cabinet, time and distance limits shall be established requiring backfilling, grading and planting to be kept current, such that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable under regulations promulgated by the cabinet. All backfilling and grading shall be completed before necessary equipment is moved from the operation; provided however that the cabinet may for good cause approve the moving of equipment before all backfilling and grading is completed.

(2) (a) The cabinet may allow an operator to defer the time criteria of contemporaneous reclamation requirements on specified areas if the operator can demonstrate that said deferment is necessary to address at least one (1) of the following:

1. Adverse condition including weather, labor and other conditions clearly beyond the operator's control;

2. Other bona fide mining operations carried out on a strip mined area, pursuant to KRS 350.080;

3. Coal marketing problems.

(b) Application for a deferment pursuant to this section shall be in the form prescribed by the cabinet.

The applicant has the burden in establishing the need for such deferment. The applicant must demonstrate that reclamation on the site is contemporaneous as of the date of the request for deferment and that distance requirements for contemporaneous reclamation will be met during the period of the deferment. Approval of the deferment request shall be made in writing. The approval shall state that the deferment is justified and that no environmental damage will occur during the period of deferment. Reclamation deferments may be approved for a period reasonably related to the specified conditions justifying the deferment, but in no event shall the aggregate deferral period exceed thirty (30) months, nor shall the deferral extend beyond the expiration date of the permit. The cabinet shall periodically reexamine and update the amount of the bond on the permit area so that the amount of the bond is sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture.

(3) If the operator or other person desires to conduct drift mining or other underground mining upon the premises or use the openings for haulageways or other lawful purposes, the operator may designate locations to be used for such purposes at which places it will not be necessary to backfill as herein provided for until such drift or other underground mining or other use is completed, during which time the bond on file for that portion of the operation shall not be released. That portion of such locations shall be described and designated on the map attached thereto; provided, that where the operator or other person wishes to combine surface operations with underground mining operations to assure maximum practical recovery of coal resources, the cabinet may grant a variance, pursuant to regulations promulgated by the cabinet, for specific areas within the reclamation plan from the requirement that reclamation efforts proceed pursuant to subsection (1) of this section so as to permit underground mining operations prior to reclamation.

(4) The cabinet may release in whole or in part the reclamation bond or deposit for a particular operation if the cabinet is satisfied that the reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this chapter. Such bond releases shall be made in accordance with the following schedule:

(a) When the operator completes the backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the release of sixty percent (60%) of the bond or collateral for the applicable permit area.

(b) After revegetation has been established on the regraded mined lands in accordance with the approved reclamation plan. When determining the amount of bond to be released after successful revegetation has been established, the cabinet shall retain that amount of the bond for the revegetated area which would be sufficient for a third party to cover the cost of reestablishing revegetation; such amount shall be retained for the period specified for operator responsibility for reestablishing revegetation. No part of the bond or deposit shall be released under this subsection so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of requirements set by this chapter or until soil productivity for prime farm lands has returned to levels of yield equivalent to those of unmined land of the same soil type in the surrounding area under equivalent management practices as determined from such soil surveys as may be required to be included in the permit application. Where a sedimentation pond is to be retained as a permanent impoundment, the portion of bond may be released under this subsection so long as provisions for sound future maintenance by the operator or the landowner have been made with the cabinet.

(c) When the operator has completed successfully all surface coal mining and reclamation activities, the release of the remaining portion of the bond, but not before the expiration of the period specified for operator responsibility. Provided, however, that no bond shall be fully released until all reclamation requirements of this chapter are fully met.

(5) Upon application by a permittee for total or partial bond release, the cabinet shall notify the municipality where the surface coal mining operation is located, pursuant to regulations promulgated by the cabinet.

(6) (a) Upon receipt of the notification and request, the cabinet shall within thirty (30) days conduct an inspection and evaluation of the reclamation work involved. Such evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface or subsurface water is occurring, the probability of continuance of future occurrence of such pollution, and the estimated cost of abating such pollution. The cabinet shall notify the permittee in writing of its decision to release or not to release all or part of the performance bond or deposit within sixty (60) days from the filing of the request, if no public hearing is held pursuant to subsection (7) of this section, and if there has been a public hearing held pursuant to subsection (7) of this section, within thirty (30) days thereafter.

(b) If the cabinet disapproves the application for release of the bond or portion thereof, the cabinet shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to serve said release and allowing opportunity for a public hearing.

(c) The bond liability of the permittee shall include only those actions which the permittee is obliged to take under the permit, including completion of the reclamation plan. Actions of third parties which are beyond the control and influence of the permittee and for which the permittee is not responsible under the permit shall not be covered by the bond.

(7) Any person having a valid legal interest which might be adversely affected by release of the bond, and the responsible officer or head of any governmental agency so designated by cabinet regulations, shall have the right to file written objections to the proposed bond release with the cabinet, and to request a hearing in accordance with procedural regulations promulgated by the cabinet.

(3) The transportation cabinet shall supervise[, operate] and *regulate* [administer] said driver improvement program, and shall promulgate such regulations as are necessary relating to *certification,* facilities, equipment, courses of instruction, instructors and records of the program. *The cabinet may operate a driver improvement school in any county in addition to any certified school. However, the attendee shall be given the opportunity to choose which course he wants to attend.* In the event a person sentenced under subsection (1) of this section does not attend or satisfactorily complete the prescribed driver improvement program, the transportation cabinet may deny that person a license or suspend the license of that person until he reschedules attendance or completes the driver improvement clinic, at which time any such denial or suspension shall be rescinded.
